Dear Parent

As this academic session is getting over, we express our heart-felt gratitude towards God Almighty for granting us the opportunity to influence so many young minds and contribute in their life learning in such profound way.

There is always a new beginning with every ending and the new beginning gives positivity, hope and enthusiasm. At this point when the whole world is going through tough times, we @MVN are committed to make our students not just academically competent and emotionally strong but also enrich them spiritually by nurturing their SQ (spiritual quotient).

Quality is never an accident. It is always a result of an intelligent effort. We at MVN believe in honest and genuine effort and the same we expect from the parents of our students. Performance comes from passion and not from pressure. A passionate student with access to resources is almost unstoppable. As our students are climbing the ladder of academics, we need to teach them to be passionate about their success. The goal should be learning. Success is not easy, distractions are plentiful but opportunities are boundless.

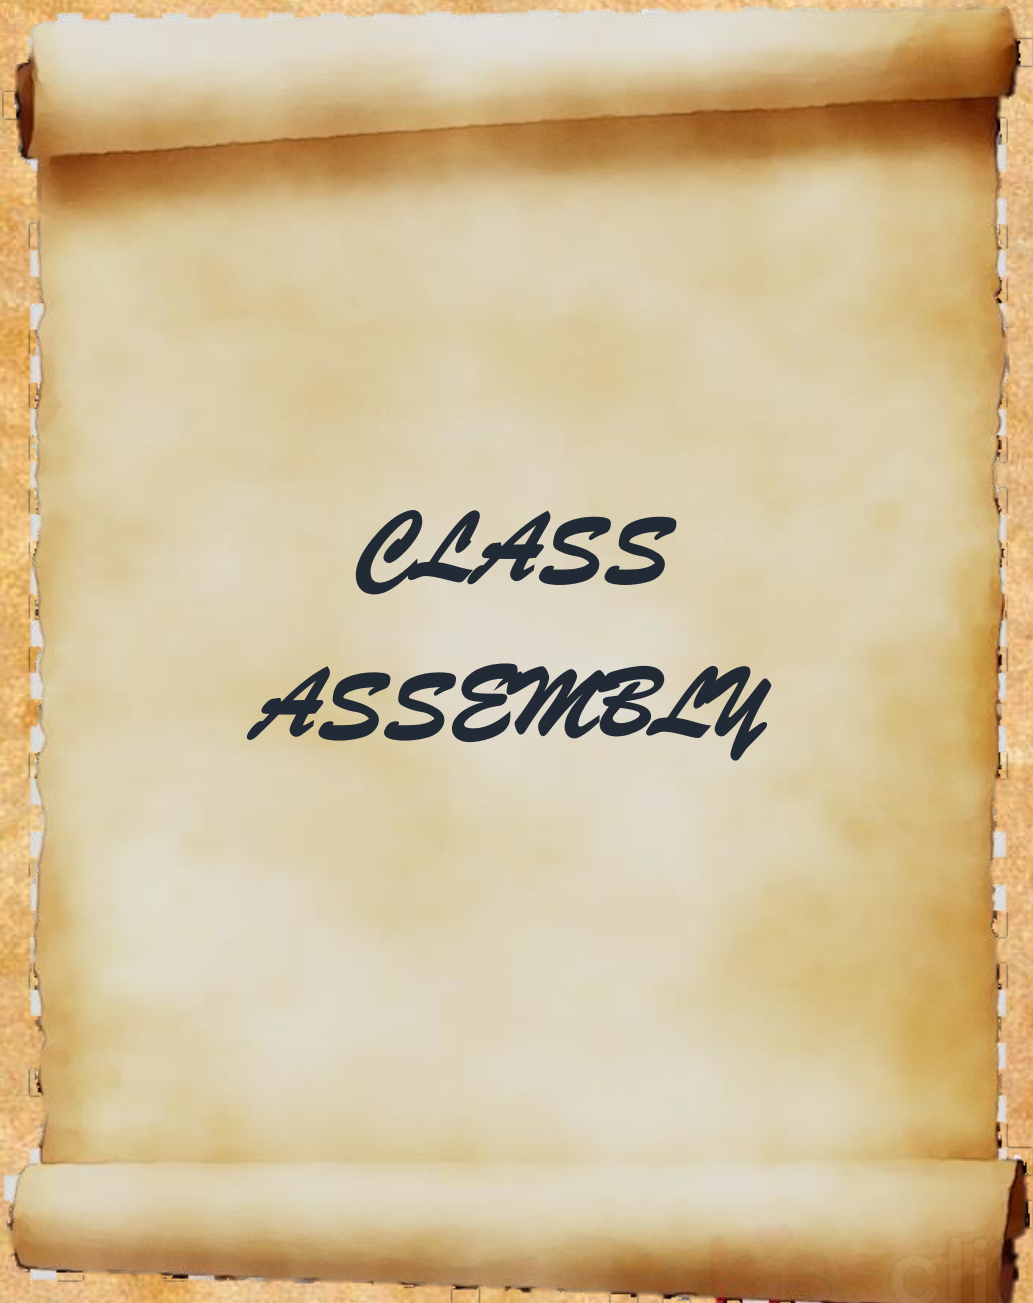

Let us all work together to help our students create their magic, identify their zone of genius and write their success stories.

Amen!

Archana Bapat

Counsellor, MVN
