MVN TIMES JUNIOR

Edition – IV

January – March 2023

Dear Parent

“Happiness is that state of consciousness which proceeds from the achievement of one’s values”

‘Sanskars’ are subconscious impressions that act as guidance for kids throughout their lives.

Children at an early age learn a lot from observation and they spend most of the time with the parents or at home, and the moral and ethical mannerism is learned more by observation than articulation or formal teaching.

‘Sanskara’ is like sowing of a seed of individual morals and ethics into the soul of a human being during his childhood so that obedience of these values becomes part of life and remains with them throughout the life. A person will always act based on the moral values embedded in him or her from within; it drives an individual inside out ‘Sanskara’ is a way of life, not as rules: If it is taught as a way of life, it will be more sustainable than instilling it as rules. Therefore, it has to start from an early age and for reinforcement, simple methods should be used rather than articulating them in a forced manner.

‘Sanskara’ defines the moral and ethical character of a human being, and gaining it at an early stage in life could create a strong foundation.

We here at MVN not only provide quality education to kids but also make tremendous efforts for infusing moral values in our students. The ethical integration of intelligence with human values is the foundation of future education.

Regards

Ms. Ruchi Kumari

Educator

FROM COUNSELLOR'S DESK

Dear Students

Cooperate with each other but compete only against yourself!

Do you want to know the mantra of a successful productive new academic year? It is, **COOPERATE WITH EACH OTHER BUT COMPETE ONLY AGAINST YOURSELF.**

There is so much more to a school year than academics. And this mantra works everywhere. Let me tell you how. If you glance over the previous year, you will realize that when you had a fight in the class or when you didn't dare to give your name for that competition or when your performance in the test started declining or when you were scolded or any other issue of a typical school day, the bottom line was – you were doing exactly opposite of this mantra, i.e., competing with others and cooperating with your weaknesses. The result was sadness, stress, insecurity and wrong choices. Let us understand this:

1. When you see others around you as your competition, you feel stressed and anxious. This stress and anxiety clouds your intelligence and then you are not able to perform in your usual capacity so your performance declines. This causes further stress and creates a vicious cycle of stress and low performance.
2. When you focus on others' performance, you doubt your own capabilities. This self-doubt is the most serious culprit for killing your motivation. Self doubt generates fear and sadness, insecurity and they all stop you from raising hand in class, giving your name for the competition and giving your full effort while studying.

So, this year try it: cooperate with others around and compete only against yourself. Let your previous performance be your benchmark for the next one. Start understanding others' point of view in any situation and you will realize cooperating with others is not that tough. The most important benefit of cooperating with others will be that you will save a lot of your time and energy which otherwise goes waste in fights and arguments. You can invest that precious school time in learning and doing multiple other skills that the school life offers. Competition with self will boost your motivation and will propel you towards performance.

Follow this mantra this year to create success. Let this year be full of opportunities, productivity and joy for you!

Best wishes,
Archana Bapat

CLASS ASSEMBLIES

TIME MANAGEMENT

Time management is the process of organising and planning how to divide your time between different activities. Time management is the ability to use your time productively & efficiently. It is essential for students to learn principles of time management for a disciplined school life.

Managing time helps children to become more efficient, organised and confident. The students of Grade I Aster conducted an assembly on Time Management in which students presented interesting quotes, poems and songs to the related topic. The students gained a lot of important information like organising and managing time according to their priorities.

HARDWORK IS THE KEY TO SUCCESS

"All our dreams can come true, if we have the courage to pursue them."

A little more persistence, a little more effort and what seemed hopeless failure may turn to glorious success. Grade II Bluebells children presented Assembly on 'Hardwork is the key to success' in which students presented a skit on importance of hardwork. The students also presented a group song, dance, poems and shared some important tips on the topic – 'How to do preparation of exams.' The students excitedly witnessed the entire assembly.

SPRING SEASON

Spring adds new life, colour, beauty and new beginnings!

On the advent of spring season, Grade II Aster presented an assembly on 2nd February, 2023 on the topic “Spring Season”.

In the assembly, children learnt about spring season and the flora and fauna associated with it. Enthralling dance and music performances by them captivated the audience. It was a wonderful and delightful experience for everybody.

REPUBLIC DAY & BASANT PANCHAMI

As the nation looked forward to celebrate its 74th anniversary of the enforcement of its constitution, there was an air of excitement coupled with patriotism in the Primary Wing everywhere.

A special assembly on Republic Day was presented by the students of Grade III Aster.

It began with Saraswati Vandana to mark the festival of Basant Panchami as well. The assembly paid tribute to the framers of the constitution, the Indian armed forces and the freedom fighters.

The students took pride in glorifying and celebrating the spirit of unity and brotherhood by singing Saare Jahan Se Achaa...

The festivities echoed with patriotic fervor when the students recited the poem Where the Mind is Without Fear and danced to the tunes of patriotism, wearing tricolour to mark the occasion.

NEW YEAR RESOLUTIONS

New year is the glittering light to brighten the dream-lined pathway of future. It is the perfect time to reassess ourselves and take new resolutions. Setting a new year resolution is a good move to renew ourselves year after year. The students of Grade IV Bluebells presented a beautiful assembly on the topic 'NEW YEAR RESOLUTIONS'.

Through various activities, the students enlightened the audience with a variety of resolutions like setting healthier goals to make changes that will allow them to get the most out of life.

The dance performance and the 'tabla' performance presented by the students mesmerized the audience. The assembly was filled with fun and learning which was thoroughly enjoyed by our little ones.

The assembly inspired hope, faith and belief in the students that they will lead the nation successfully in future and that they will be loved and valued by all.

Classroom Activities

LEARNING LIFE SKILLS

Activities play a crucial role in the overall development of children. Every Wednesday, fun filled activities are organized in MVN School, Sector 17, Primary Wing to supplement the academic curriculum and provide the students with opportunities to explore their interests, develop new skills, build their confidence and broaden their horizons. These activities also foster teamwork, leadership, and a sense of responsibility, which are important qualities that can help children succeed in school and in life. This week, Grade I students drew their favourite cartoon character. Grade II students enjoyed an energetic aerobics session. Grade III students showcased their culinary skills by doing cooking without fire. Grade IV students recited funny poems on examination whereas grade V students showcased their creativity by making beautiful 'Best of Luck' plaque.

REPUBLIC DAY CELEBRATION

"On this special day let's promise our motherland that we will do everything to enrich and preserve our heritage, our ethos and our treasure".

Republic Day is celebrated with pride all over the country. The constitution of India came into effect on this day. Every year, we at MVN reaffirm the loyalty towards our country and the sacrifices of the unsung heroes.

Various activities were performed by different classes on this special day.

Grade I kids participated enthusiastically in the patriotic song competition and sang soulful songs, Grade II kids made beautiful tricolour salad, Grade III kids made national symbols, Grade IV kids made beautiful tricolor badges and mesmerising rangolis were made by Grade V students with the help of flowers.

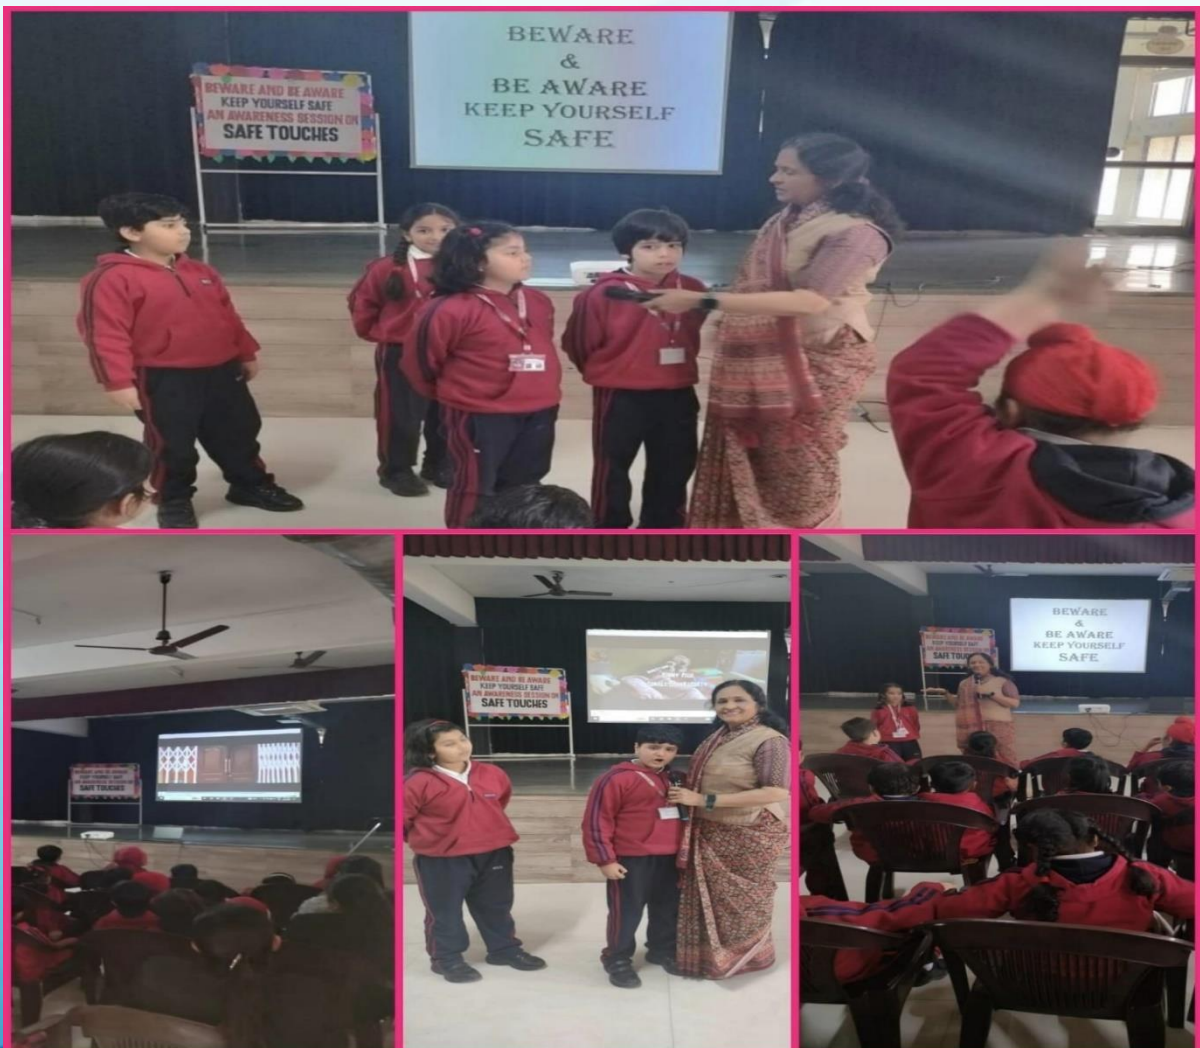

BEWARE & BE AWARE

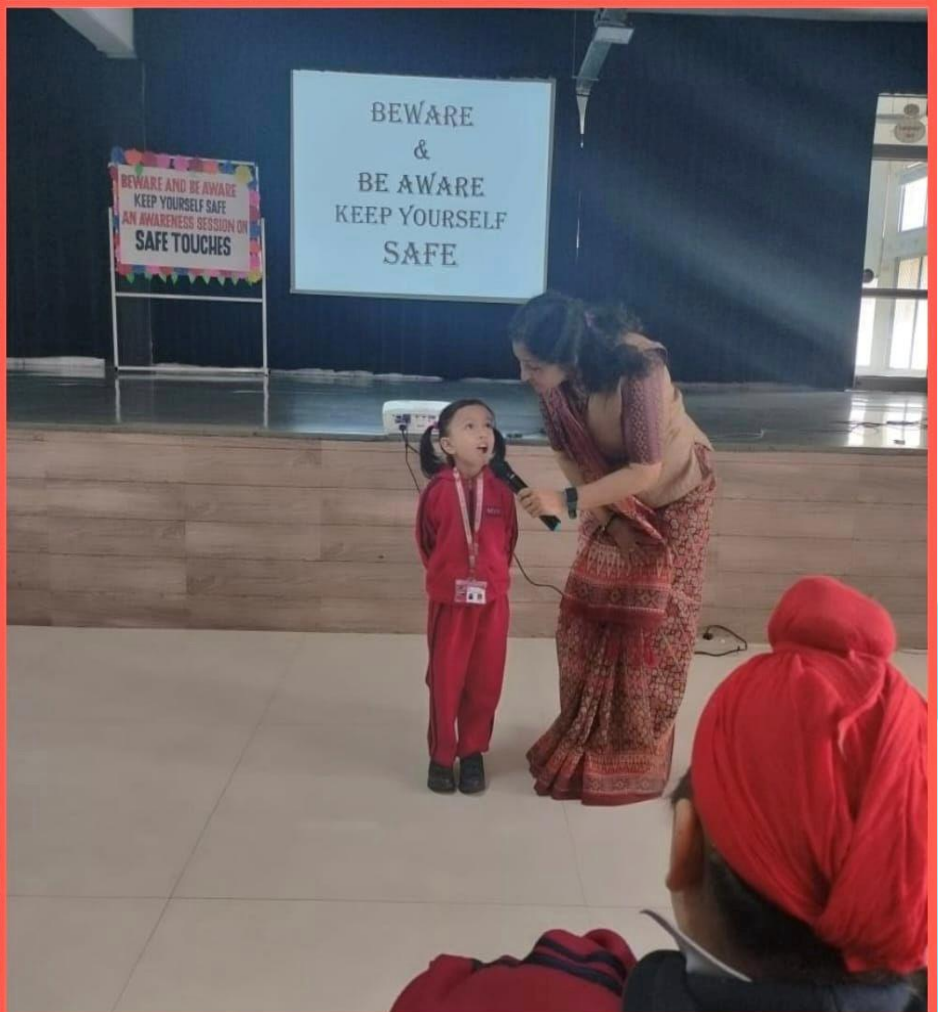

As a proactive step towards educating our young students of pre-primary and primary wing about the safety concerns in school and beyond, an awareness session was organised by the school counsellor, Ms. Archana Bapat on 10th Feb' 2023.

The session was aptly titled as "Beware & Be Aware". It was an interactive session where audiovisual aids were used to help young students understand the need to be aware about their surroundings and the way they can protect themselves when interacting with anyone around. In a very simple yet effective way, students were provided with many tools to react in any unwarranted situation.

Lots of reinforcement was provided for all students to grasp the concept properly. Teachers who also attended the session were requested to reinforce the concept every week in the classes.

It was a very satisfying experience to orient young students about this crucial issue.

AN AWARENESS SESSION ON EXAM SKILLS

“Keep Calm, It’s Just an Exam”

As annual exams are approaching, an awareness session titled, “Keep Calm, It’s Just an Exam” was organised for students of primary and middle wings by the school counsellor, Ms. Archana Bapat to help students build appropriate mental set up before the exam starts.

Two sessions were organized on 20th Feb’23; one for primary wing and the other one for middle wing students.

The session focused on three major parts: Preparatory skills elaborating on how to prepare, Acquisition skills explaining the do’s and don’ts of effective learning along with focus and memory techniques and Examination skills elaborating on exam hygiene. Many real-life examples and tips were given to help students grasp the importance of keeping themselves emotionally and psychologically strong during exam time. The queries were answered satisfactorily. Tips for dealing with exam fear and stress were given and many exam myths were busted.

The interactive and informative session created a positive and relaxed mindset for upcoming exams among the participants.

KEEP CALM, IT'S JUST AN EXAM

An Awareness Session By The School Counsellor On Exam Skills

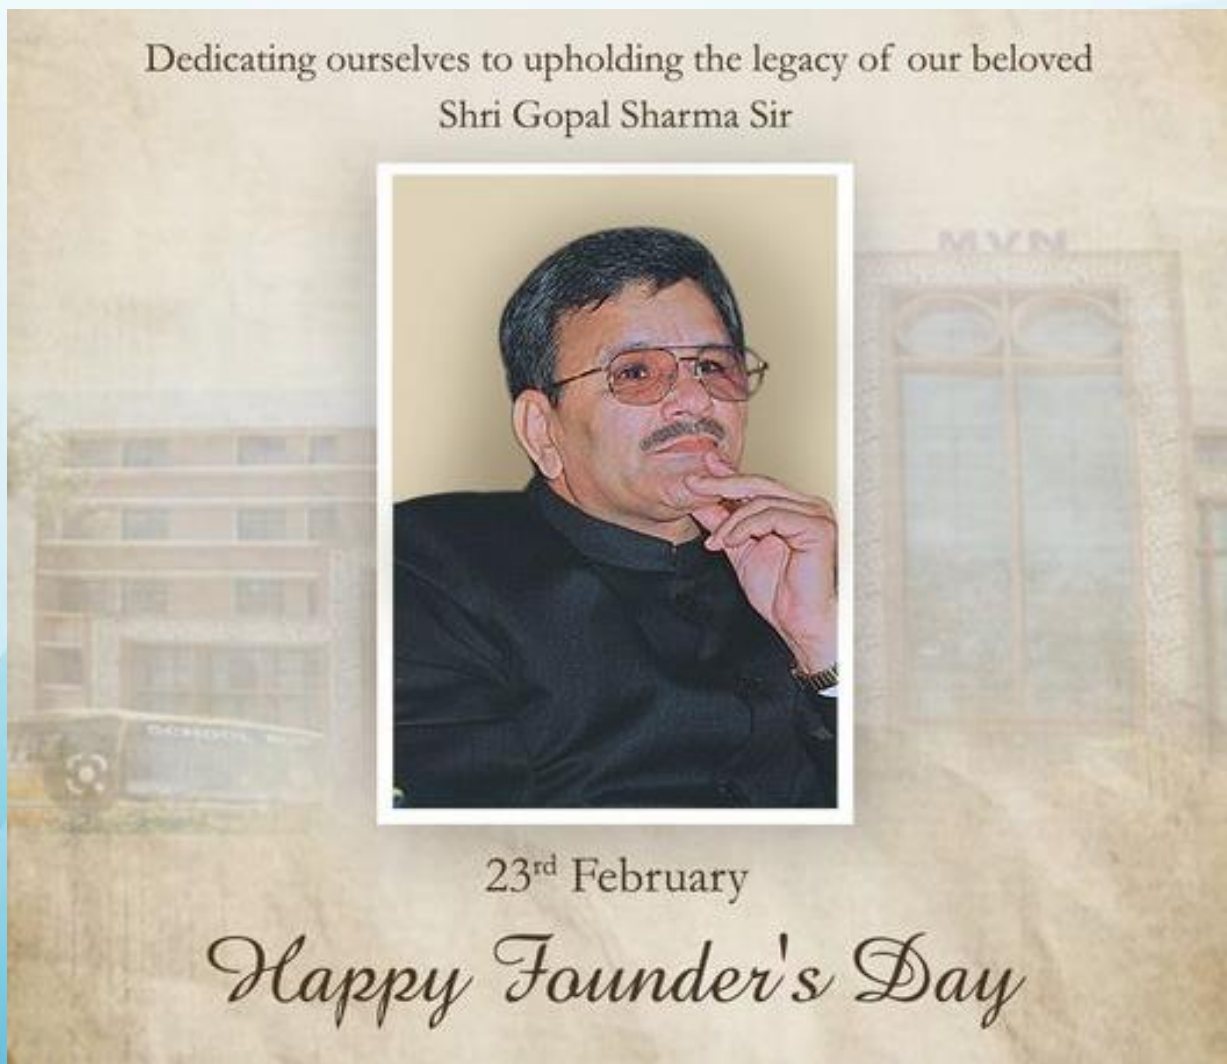

EVENTS

FOUNDER'S DAY

A day of celebration, a day of inspiration, and a day of pride!

MVN School, Faridabad, proudly celebrates Founder's Day to commemorate the Birth Anniversary of our beloved Founder Principal Sri Gopal Sharma Sir, an eminent educationist, and philanthropist. His life is a shining example of how we can overcome all odds to achieve our dreams and become an inspiration for all around us. Let us pay our tribute to his hard work, determination, and spirit of excellence. Following his path and with his blessings, let us look forward to a brighter future and the endless possibilities that lie ahead.

HAWAN CERMONY

ॐ सर्वेशां स्वस्तिर्भवतु ।

सर्वेशां शान्तिर्भवतु ।

सर्वेशां पुर्णभवतु ।

सर्वेशां मङ्गलंभवतु ।

ॐ शान्तिः शान्तिः शान्तिः

A 'HAWAN ' was organized in the school premises to invoke the blessings of the Almighty as MVNites from Classes X and XII get ready to appear in their respective Board Examinations in February - March 2023 . The cool spring morning reverberated with sacred chants of Gayatri Mantra filling every being, students and faculty alike, with pious devotion. Prasad was distributed to all. Principal, Ms Agalya Venkatesh, exhorted all the students to be sincere , honest , diligent and wished them all the very best for the impending examinations and life ahead .

A JOYFUL & MEMORABLE TRIP TO VISHALGARH

“Travel makes you realize that no matter how much you know, there's always more to learn.”

The students of Grade I to V enjoyed a fun-filled one day trip to Vishalgarh Farms, Gurugram. The students accompanied by their teachers and able instructors enjoyed various adventurous activities like Zip lining and Burma Bridge.

They also celebrated the moments filled with joy and laughter. Children enjoyed the sumptuous breakfast and lunch. The mini zoo, tractor ride, camel ride and magic show grabbed the attention of our enthusiasts. The trip was truly a memorable one with lots of new experiences for the kids to cherish for a long time to come.

ACHIEVEMENTS

ASTRONOMY OLYMPIAD 2023

"Trailblazers are not born out of sheer luck but countless hours of toil and perseverance"

Yet another exemplary achievement by NAMAN GOYAL of Class XII MVN SCHOOL, SECTOR 17. He does his alma mater proud by getting selected for Astronomy Olympiad - 2023 Orientation Cum Selection Camp (OCSC) Stage-III. He joins the elite group of Top 35 students who have made it to the OCSC from all across the country.

Congratulations to Naman on this phenomenal feat and wishes for spectacular success and glory in the days to come.

SAEVUS ECO ACHIEVERS QUIZ

"Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence."

A team comprising of students of class VII - Aashna Khurana, Shivansh Mittal and Soumya Ranjan participated in Saevus Eco Achievers quiz, 2022-2023 and bagged the third position.

The quiz is one of its first kind programme organised by Saevus magazine celebrating its vision of conservation through appreciation with an aim to develop a strong environmental consciousness among school children. The quiz was organised in association with rotary clubs, where the students of our school gave an excellent performance.

40TH ARYABHATTA INTER SCHOOL MATHEMATICS COMPETITION

40th ARYABHATTA INTER SCHOOL MATHEMATICS COMPETITION
2023 (CLASS XI)

Team MVN 17 has done us all proud by clinching the RUNNERS UP trophy in the prestigious competition in which many leading schools of NCR compete for top honours year after year. The school made its mark in INDIVIDUAL position as well as Ansh Aggarwal (Class XI) bagged third position in INDIVIDUAL positions . School wishes this galaxy of illustrious stars a glorious winning streak and grand success in times to come.

INTERNATIONAL MATHEMATICS OLYMPIAD

“The road to success is paved with consistent hard work and resilience”

Olympiad exams help to create competitive awareness among students at school, national and global level. We have successfully maintained our winning streak and feel proud to announce Top 100 International Achievers in IMO.

It's a glorious moment that swells our heart with pride as our Maths wizards bring laurels home and scale new heights. 71 students have qualified for the second level of IMO. Another ecstatic and euphoric moment to celebrate.
