*Where prodigious minds are exposed to a world full
of creativity, imagination and excellence.*

YOU CAN - IF YOU THINK YOU CAN!

POSSIBILITY DWELLS IN A POSITIVE MIND

Dear Parent / Student

Positive thinking is a mental and emotional attitude that focuses on optimistic and positive thoughts and expects positive results.

It is a mindset that looks on the bright side of life and anticipates happiness, health and success. It is an optimistic state of mind.

To take advantage of the power of positive thinking, you need to practice it. You need to replace each negative thought with a positive thought. It's a process that requires some perseverance and continued awareness of your thoughts.

Positive thought is a force; it has immense power. Positive thinking is not about just having good thoughts, but to feel and believe in rightfully getting what you want.

But it is not enough just to think of success or think of ideas; they must be demonstrated. To think that you are virtuous does not make you virtuous. So just thinking about success does not make you successful. It can become a reality when thoughts are charged with dynamic will, by concentration and perseverance to rouse the indomitable power of the mind.

It is definitely easier said than done because positive thoughts are clouded with doubts, moods, and negative emotions but what can make you victorious is the fact that you are endowed with the natural positivity of your mind. Believe in yourself and then you can be what you want to be and accomplish what you want to accomplish.

Every day should be a transition from old habits to better habits. In this coming academic year you can make a solemn resolution to keep only those habits that are for your highest good.

By plugging away at the negativity within and focussing on positive thoughts as well as by translating them gradually into action, you will become a shining example of positivity and will be well on the way to winning the battle of life!

Nimmy Phileman
Educator

COUNSELLOR'S DESK

Cooperate with each other but compete only against yourself!

Dear Students,

Do you want to know the mantra of a successful productive new academic year? It is, COOPERATE WITH EACH OTHER BUT COMPETE ONLY AGAINST YOURSELF.

There is so much more to a school year than academics. And this mantra works everywhere. Let me tell you how. If you glance over the previous year, you will realize that when you had a fight in the class or when you didn't dare to give your name for that competition or when your performance in the test started declining or when you were scolded or any other issue of a typical school day, the bottom line was – you were doing exactly opposite of this mantra, i.e., competing with others and cooperating with your weaknesses. The result was sadness, stress, insecurity and wrong choices. Let us understand this:

- 1. When you see others around you as your competition, you feel stressed and anxious. This stress and anxiety clouds your intelligence and then you are not able to perform in your usual capacity so your performance declines. This causes further stress and creates a vicious cycle of stress and low performance.*
- 2. When you focus on others' performance, you doubt your own capabilities. This self-doubt is the most serious culprit for killing your motivation. Self-doubt generates fear and sadness, insecurity and they all stop you from raising hand in class, giving your name for the competition and giving your full effort while studying.*

So, this year try it: cooperate with others around and compete only against yourself. Let your previous performance be your benchmark for the next one. Start understanding others' point of view in any situation and you will realize cooperating with others is not that tough. The most important benefit of cooperating with others will be that you will save a lot of your time and energy which otherwise goes waste in fights and arguments. You can invest that precious school time in learning and doing multiple other skills that the school life offers. Competition with self will boost your motivation and will propel you towards performance.

Follow this mantra this year to create success.

Let this year be full of opportunities, productivity and joy for you!

Love and blessings!

Archana Bapat

School Counsellor

FAREWELL 2023

*“May the road rise upto meet you,
May the wind be ever at your back;
May the sun shine warm upon your face,
May God hold you in the hollow of His hand!”*

The school hosted 'Farewell' for Class XII of '2022-23' and bid them a warm adieu. The entire school campus was festooned with colourful flowers and balloons and pulsated with air of festivity. The outgoing Class XII was accorded a traditional welcome with the sacred 'Tilak Ceremony'. The celebrations commenced with 'Ganpati Vandana' invoking blessings of the Almighty. Principal Ms. Agalya Venkatesh imparted immensely valuable wisdom and advice to her students motivating them to follow the right path and make their alma mater, families, nation and humanity proud. The bright and sparkling afternoon saw foot tapping, delightful presentation by Class XI. Kunal Chawla and Ananya Mohanty were conferred with the titles of 'Mr. MVN' and 'Ms.MVN' respectively while the titles of 'Mr. Talented' and 'Ms Talented' went to Raghav Verma and Aditi Gupta. Students of Class XII presented a resplendent cultural extravaganza bringing the dance floor to life. Class photographs of students were taken with the Principal and Faculty members. Laughing faces and misty eyes - the poignant moment conjured up the sorrow of separation and promises of a glorious new beginning captured in everlasting memories.

HAWAN CEREMONY

ॐ सर्वेशां स्वस्तिर्भवतु ।

सर्वेशां शान्तिर्भवतु ।

सर्वेशां पुर्णभवतु ।

सर्वेशां मङ्गलंभवतु ।

ॐ शान्तिः शान्तिः शान्तिः

A 'HAWAN ' was organized in the school premises to invoke the blessings of the Almighty as MVNites from Classes X and XII get ready to appear in their respective Board Examinations in February - March 2023. The cool spring morning reverberated with sacred chants of Gayatri Mantra filling every being, students and faculty alike, with pious devotion. Prasad was distributed to all. Principal, Ms Agalya Venkatesh, exhorted all the students to be sincere , honest , diligent and wished them all the very best for the impending examinations and life ahead .

FOUNDER'S DAY

A day of celebration, a day of inspiration, and a day of pride!

MVN School, Faridabad, proudly celebrates Founder's Day to commemorate the Birth Anniversary of our beloved Founder Principal Sri Gopal Sharma Sir, an eminent educationist, and philanthropist. His life is a shining example of how we can overcome all odds to achieve our dreams and become an inspiration for all around us. Let us pay our tribute to his hard work, determination, and spirit of excellence. Following his path and with his blessings, let us look forward to a brighter future and the endless possibilities that lie ahead.

SPECIAL ASSEMBLIES

We are what we repeatedly do. Excellence, then, is not an act, but a habit.

—Aristotle

REPUBLIC DAY AND BASANT PANCHAMI

*Freedom in the mind, strength in the words, pureness in our blood,
pride in our souls, zeal in our hearts,
Let's salute our India on 74th Republic Day.*

Though India became a free nation on August 15, 1947, it declared itself a Sovereign, Democratic and Republic state with the adoption of the Constitution on January 26, 1950. The Constitution gave the citizens of India the power to choose their own government and paved the way for democracy.

We at MVN believe that instilling patriotism right from their young age helps kids get a sense of belonging and greater purpose. Their volition of putting the country first, and by extension its people, develops, moulding them into extraordinary citizens. This year we have a magical coincidence that our national festival: Republic day and harvest festival: Vasant Panchami fall on the same day. Keeping this in mind, the students of 7c presented a patriotic and vibrant class assembly which included Saraswati Vandana, enthusiastic dance performance and musical journey of Indian freedom struggle.

India is the cradle of human race, birthplace of human speech, the mother of history, the grand mother of legend and the great grand mother of tradition.

The students of Class 8 A presented a fabulous assembly to celebrate the 74th Republic Day of our country. The grand celebration began with an inspiring thought and was carried forward by global updates. A beautiful poem was presented on the pride of our nation.

AN AWARENESS SESSION ON EXAM SKILLS

“Keep Calm, It’s Just an Exam”

As annual exams are approaching, an awareness session titled, “Keep Calm, It’s Just an Exam” was organised for students of primary and middle wings by the school counsellor, Ms. Archana Bapat to help students build appropriate mental set up before the exam starts.

Two sessions were organized on 20th Feb’23; one for primary wing and the other one for middle wing students.

The session focused on three major parts: Preparatory skills elaborating on how to prepare, Acquisition skills explaining the do’s and don’ts of effective learning along with focus and memory techniques and Examination skills elaborating on exam hygiene. Many real-life examples and tips were given to help students grasp the importance of keeping themselves emotionally and psychologically strong during exam time. The queries were answered satisfactorily. Tips for dealing with exam fear and stress were given and many exam myths were busted.

The interactive and informative session created a positive and relaxed mindset for upcoming exams among the participants.
