FROM THE CO-ORDINATOR'S DESK

Welcome to our First Newsletter "MVN TIMES" of the Pre-School year. We hope you all are looking forward to working alongside us in this exciting development stage for your child. I am sure children are spending a glorious & constructive time in the company of doting parents each moment. Children learn from our actions and are watching us constantly, so as a parent the question that we need to ask ourselves is, am I showing my child anxiety, frustration or optimism, hope and positivity. The times may be sad and we might not be able to see the light at the end of the tunnel but at times like this we must create hope. We can do this by digging deeper within, searching for even a small glimmer of light. I am sure Hope is the starting point and end point of everything. It is the one thing that makes all the difference in the world. Let being hopeful is the one trait our children inherit from us.

While our main goal is to make children feel comfortable and welcomed in a new learning place, we saw our kids gradually getting acclimatized to their new E-classrooms, teachers and friends. With this underlying aim of holistic development of every child, a myriad range of activities were organized to enhance the skills and values of the Pre-primary students, these included Earth Day, Mother's Day, Safety and Health Day and Book- week to name a few.

During these times, it is extremely essential that social distancing does not translate into social isolation for children. They must be able to connect with their friends and close ones virtually in order to feel bonhomie and warm-heartedness as well as assuage any underlying anxiety. These small actions can ensure that children's emotional and social development do not run off the rails. To make the transition smooth we have decided to carry on with the Me -Time for Nursery Kids and reading session for Kindergarteners so that conducive learning environment is created, which makes them feel connected to their mentor and they are freely able to share their thoughts on one on one basis resulting in better learning & bonding. So, a school newsletter comes in just handy as a recap of all the activities we did in the past months.

With your continued support, we are determined to impart the best of skills and knowledge to make our students future leaders, academicians, scientists, entrepreneurs, innovators & above all human-beings with a heart of gold.

Regards
Vandana Laul

FROM THE COUNSELLOR'S DESK

Dear Parent

Greetings! There is no one in the world who can influence the life and future of a child like a parent can. The fact has become even more prominent in these pandemic times when children are home bound. As a parent of a young child, sometimes we all become unsure and question ourselves if we are doing enough for our child.

The most important issue at this stage can be how to make the child take interest in formal classroom studies and put effort in learning, particularly writing. It is a big task for parents, particularly in virtual classes. The answer lies in subtly motivating the child by inculcating the love for learning. Here are some points to do so:

1. Enthusiasm rubs off, especially when it comes to learning new things. When your child observes that you are sincerely enthusiastic about the new learning, he/she will definitely catch your enthusiasm.
2. Let the learning not be restricted to formal classes. Make learning subtle. For example, after watching a cartoon, discuss the story line, characters, their understanding and opinions. This is an excellent way to stimulate learning subtly. The child will learn to observe, process a concept and form individual opinion and actually learn creative thinking!
3. If the child hates writing, instead of insisting on writing the formal course, go subtle. Get creative and play games with her in which she has to write something, may be on a whiteboard or a drawing sheet. Starting a family journal where each member writing about their day is a good way to start with. The goal is to make her hand move and let her develop patience and willingness to put effort.
4. If the child feels too much controlled, he/she will withdraw from learning. Create an open atmosphere where he feels comfortable expressing his likes, dislikes or concerns. When he shares his opinion, make sure to validate his feelings - even if you disagree. Convey the disagreement. When children feel like their opinion doesn't matter, they are likely to disengage from the learning process. A good way to manage control and freedom together is to provide choices so the child is free to choose from options provided by you.
5. Learning is an individual process. Keep close watch on what is the best way of learning for your child and do it more. Recognize and celebrate achievements no matter how much small they may be. Please focus on learning at this age and not on performance. If children develop enthusiasm for learning at this stage of their lives, performance is bound to come in higher classes.

With best wishes,

Archana Bapat

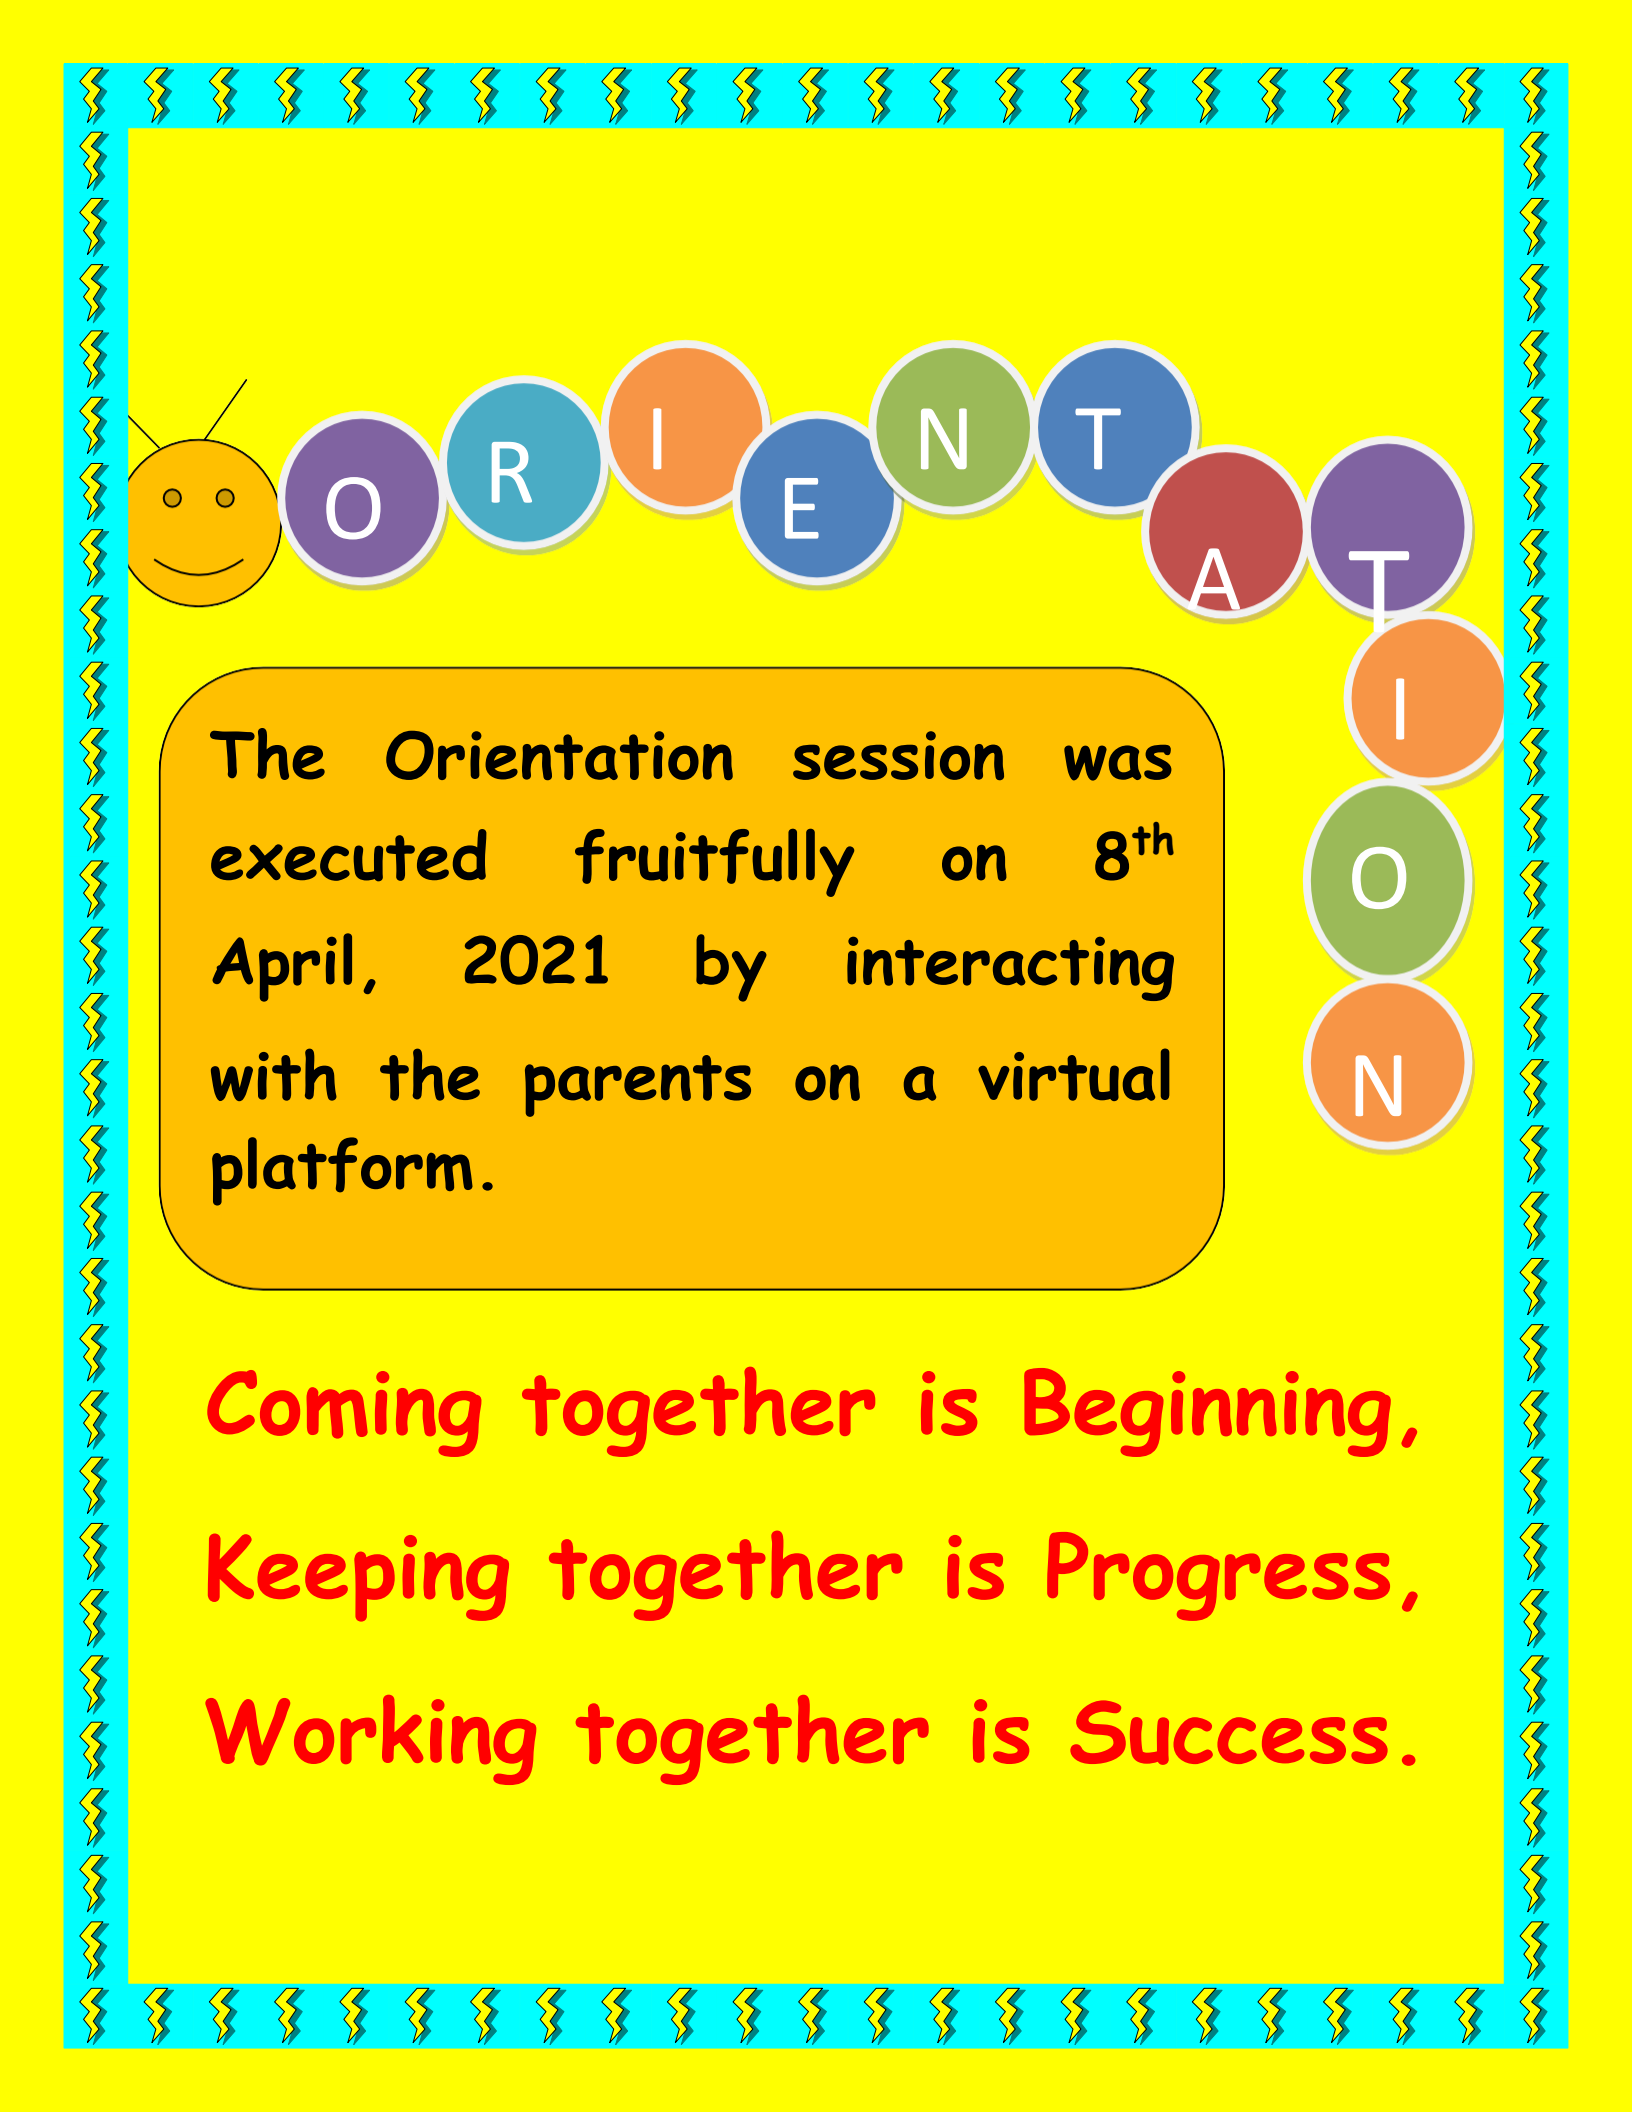

Counsellor, MVN

HERE ARE A FEW
GLIMPSES RIGHT
FROM THE
BEGINNING OF
THE NEW SESSION
2021-22

ORIENTATION PROGRAMME

The early years of a child's life are the most important—a time of rapid development physically, socially and emotionally. Orientation is an important first step for children we care. We make every effort to ensure that all children quickly adapt to their new surroundings and schedules. The orientation helps outline and reaffirm the teachers' and parents' role as partners in the progress of their children.

ORIENTATION

The Orientation session was executed fruitfully on 8th April, 2021 by interacting with the parents on a virtual platform.

**Coming together is Beginning,
Keeping together is Progress,
Working together is Success.**

ADT
ATTACK

A stylized graphic featuring the letters 'ADT' in a bold, red, blocky font at the top. Below them, the word 'ATTACK' is written in a bold, yellow, blocky font. The text is centered within a large, irregular blue splatter that has several teardrop-shaped droplets hanging from its bottom edge. The entire graphic is set against a white background with rounded corners, which is itself framed by a yellow border with a repeating zigzag pattern.

WELCOME CRAFT

Unlocking Waves of Happiness

Embarking on their learning journey with renewed vigor and enthusiasm, the excitement of the young scholars reached a new high as they welcomed the new session with a smile on their face and joy in their mind. The children had a great time while doing the activities like "I AM READY TO FLY" by making hand- printed butterflies and "I AM READY TO POP UP IN MY NEW CLASS" by sticking cotton balls on the pop- corn bag under the guidance of their mentors with dexterity.

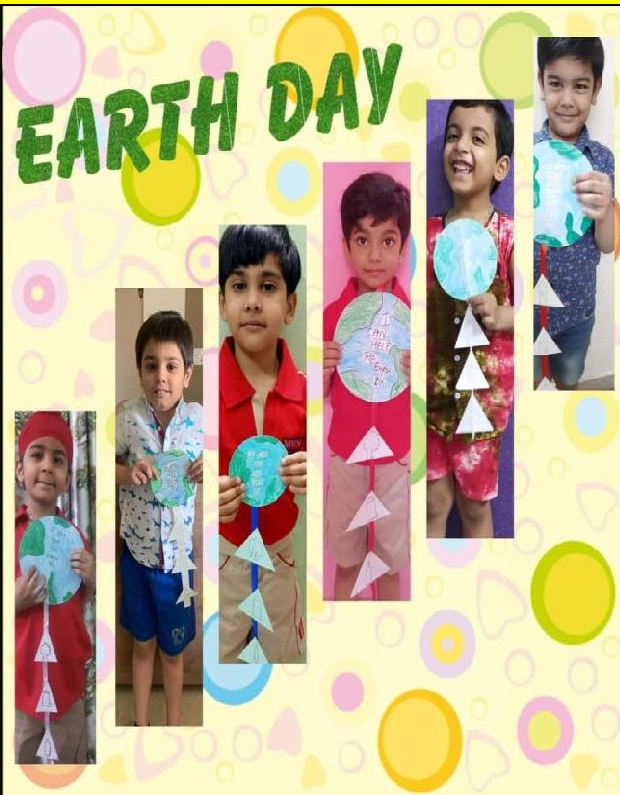

EARTH DAY

MVN always nurtures its young Mvnites to become conscious preservers of the Earth and teaches them to appreciate the beauty of our magnificent planet and learn ways to preserve it to enjoy a better tomorrow. To make this Earth Day memorable and meaningful one, a plethora of activities was organized for the tiny tots. The children were shown informational videos to highlight the importance of a clean, green and a healthy planet.

The little saviours painted their hands with blue and green colour and took the Pledge:

"It's in our hands to take care of each other and our mother earth".

The kindergarteners also made beautiful wall hangings from waste material and learnt that nature can be kept in balance by recycling, reusing and conserving. It was heartening to see the children enjoy and learn what makes our planet so unique and how people can work together to make it a healthy home for posterity.

World Day for Safety and Health

It is rightly said, "Learnings in childhood never get fade away".

"SELF CARE", describes a conscious act one takes in order to promote mental and physical health. Bearing this in mind our little MVNites helped in spreading the awareness on "World Day for Safety and Health" by learning how to wash their hands.

The process was inclusive of making them aware about the five different steps of washing hands. Wet, Lather, Scrub, Rinse and Dry. This activity will surely help these small future seekers to live a disease free life to some extent because a wise person once said -

Prevention is always better than cure.

SAFETY & HEALTH

SAFETY

HEALTH

MOTHER'S DAY

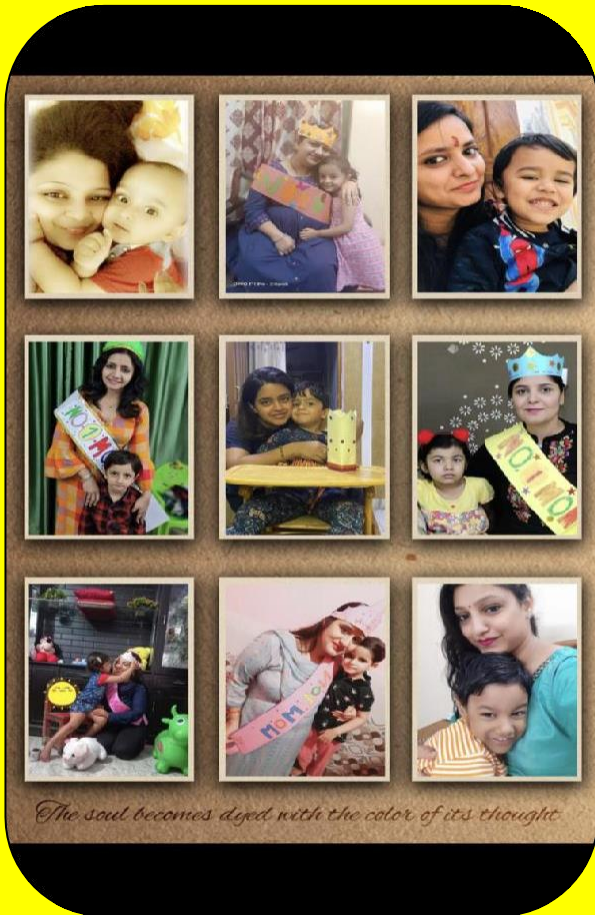

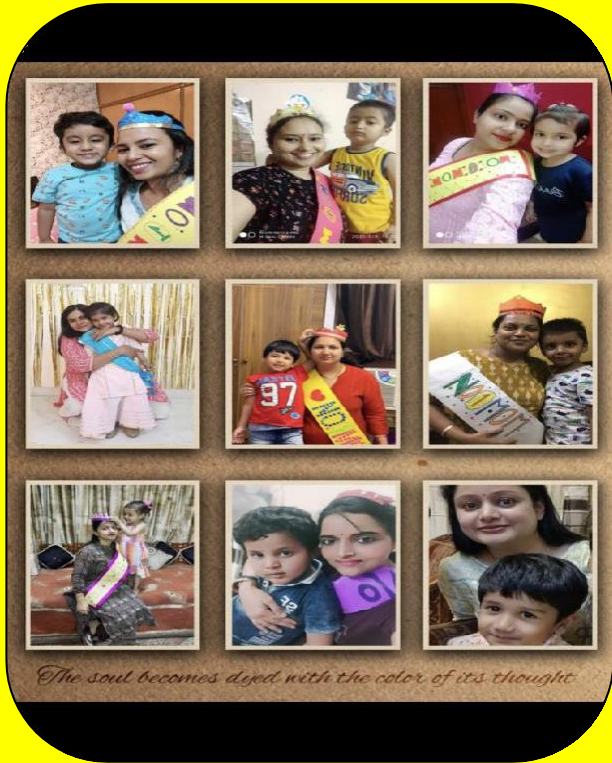

"A Mother is like a flower each one beautiful and unique"

Mother's day is a special day for all the children and the mothers as it strengthening the everlasting bond of love and affection. Mothers are the emotional pillars of the family, who have the magic touch to make all the things beautiful.

To celebrate this occasion the Kindergarteners indulged in a myriad vibrant activities such as interesting art & craft fun activity where the kids designed paper rockets for their mothers with a message " I love you to the moon and back"; a perfect extempore on the topic "My mother is a rockstar" They also enthralled one and all with their special dance moves on a beautiful song "Meri Maa, pyari Maa" and enamoured their parents' and teachers' hearts by singing to the tune of "Tu kitni achi hai"-----The fun continued with games organised by mentors for moms and kids like Bingo, Sorting and Lemon Race .

It was a touching moment to witness the children rewarding their moms with a decorated Sash and a crown. In their sweet innocent words, they exalted the mother as God, teacher, friend , philosopher and guide and emphasized the truth that a mother's love for her child is above all the things in the world.

Environment Day

Let's nurture the nature so that we have a better future"

World Environment Day is celebrated on 5th June every year and the theme of World Environment Day 2021 is 'Reimagine. Recreate. Restore.' as this year marks the beginning of Ecosystem Restoration. Most environmental problems have cascading effects with one issue leading to the other and some are also interconnected. It is to be noted that most of the damages are anthropogenic. The only solution lies in planting more and making the earth green.

We at MVN 17, consider environment as a matter of vital importance.

On the occasion of World Environment Day, an array of activities were organised to sensitise the young minds and to contribute to raise environmental protection awareness among the students. Our young crusaders planted saplings, made bird feeders and designed thought provoking posters. Through these activities they pledged to make this world greener and to take earnest initiatives to heal the environment.

Father's Day

Father's Day is an occasion honouring fathers and celebrating fatherhood. It is the perfect time to express their love and gratitude towards their super heroes.

A father is a role model, guide, superhero, friend and protector who stands by his children in all circumstances . He is the one who teaches them the right value of life and picks them up when they fall and gives them the strength to fight again. A father's sacrifice for children can never be expressed in words.

The Students of Pre-Primary showcased their love and respect for their fathers through various activities such as card making, cooking, singing, dancing, reciting poems, etc. Children along with their fathers enthusiastically participated in bonding exercises like dressing up their child as themselves, sharing a joke, drawing a sketch of their children were to name a few. The children giggled and enjoyed the acts performed by their fathers. They clicked beautiful pictures to relive these memories in future.

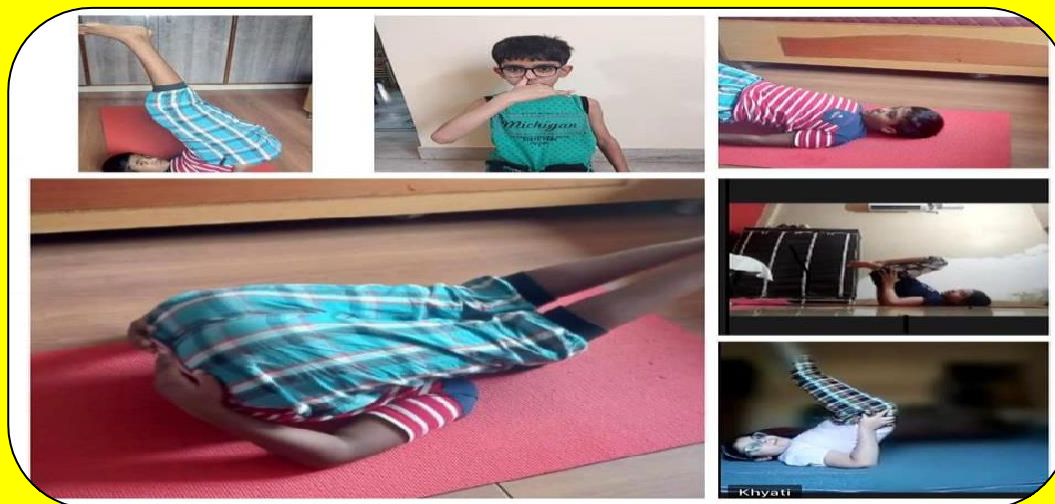

International Yoga Day

"Yoga is the journey of the self, through the self, to the self."

Yoga plays a crucial role in promoting health in a holistic manner by improving physical, mental, emotional and spiritual health. Yoga can be termed as a one-size-fits-all solution to fight stress and also alleviate other ailments including depression and anxiety. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. It embodies the unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being.

From time immemorial, it has helped bring greatness to the lives of many. It is a treasure that has been inherited thus far and must now be imparted for the benefit and welfare of the future generations to come.

On the occasion of International Yoga Day on 21st June , a three day Online Yoga Camp from 19th June-21st June was organised for the Students of Middle Wing, which saw impressive participation from all energized students in huge numbers .

WORLD MUSIC DAY

No matter what mood one is in, music always uplifts it. Music has a universal language. Even if one is not able to comprehend the words/lyrics, the melody touches one's heart. The students of MVN celebrated the World Music Day by giving mellifluous renditions of their favourite numbers and enthralled the audience. Their mellifluous song resonated in hearts and minds of the audience long after the performance was over, much like Wordsworth's "Solitary Reaper"

"Where the music in my heart I bore, long after it was heard no more."

ASSEMBLY

© 2013 by Linda Ward Beech, Scholastic Teaching Resources

GOLDEN WORDS

Golden words

"Start each day with a grateful heart"

"Golden words" lay the foundation of politeness and courtesy in children, which helps them grow up to become humble and confident individuals. It takes time and effort to inculcate good manners.

Words have a lot of power in establishing goodwill. The magic words such as Thank You, Please, May I, Excuse me, Sorry, Welcome can instantly put a smile on anyone's face. These words build a positive perception in life.

As a part of our continuous endeavour to achieve holistic development of our children, a special virtual assembly was conducted on 13th May 2021 by the kindergarteners of MVN 17.

It started with briefing the five magic words followed by narration depicted the significance of the golden words.

SUMMER SEASON

Welcoming the Summer Season

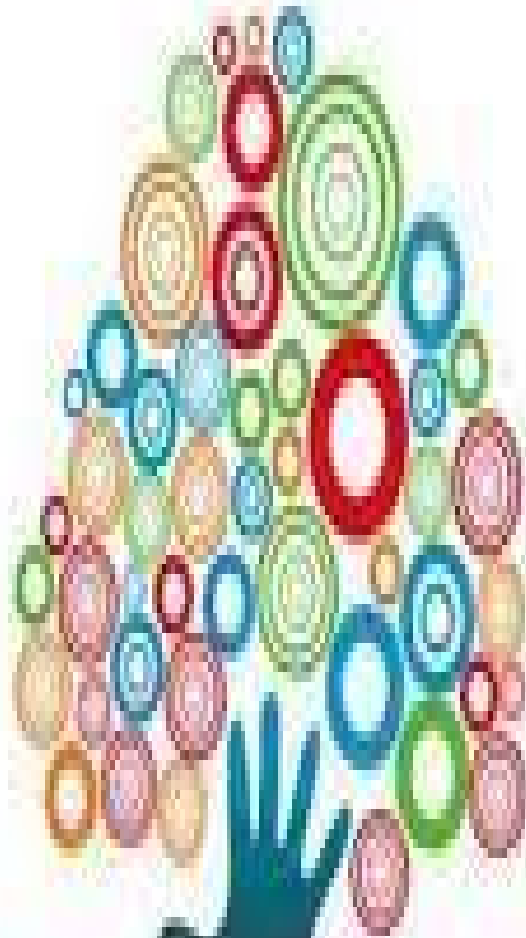

As the temperature soars high, the unflinching passion of the children to know more about the season of Summer goes stronger day by day. The joyous learners of KG-Bluebells presented a special virtual assembly on "Summer Season" wherein they talked about the summer months, climate, vegetables, fruits, attire, accessories, outdoor activities and precautions to be taken in summer season. The little munchkins also shared their happy memories in summer attire and accessories with great zeal and enthusiasm.

Speak on Session

"Life is like a rainbow at MVN kindergarten." The school always believes in amplifying the learning experiences and opportunities for children to widen their horizons. To make them confident speakers of tomorrow, a virtual speak-on session was organized for the Nursery kids. The budding orators showed their expression of spontaneity by translating their feelings into words and ardently spoke on the topic "My Favorite Colour". The use of props added colours to their presentation and developed a stronger sense of self. The zealous efforts by the little MVNites were appreciated with applauds and words of encouragement.

CLUB

CREATIVE

BRINGING THE ARTS TO YOU

CREATIVE CLUBS

- ✓ Sharpens intellectual, spatial and sensory and persuasive skills
- ✓ Empowers the creative self and develops the psychological traits
- ✓ Imbibes a sense of confidence and being spontaneous
- ✓ Increases emotional quotient and improves self-expression
- ✓ Improved focus and effectiveness

Personality
Enhancement Club

- ✓ Strengthens language and communication skills
- ✓ Motivates children to cooperate and learn social behaviour
- ✓ Encourages children to understand the world around them
- ✓ Develops emotional intelligence and assists physical development

Dramatics Club

- ✓ Teaches coordination
- ✓ Improves overall health
- ✓ Improves reflexes
- ✓ Builds strength
- ✓ Teaches team work

Wellness Club

- ✓ Improves motor skills
- ✓ Develops problem solving skills
- ✓ Encourages self expression
- ✓ Encourages creativity
- ✓ Encourages acceptance of others

M.F Hussain Club

GRADE - NURSERY & KG

GROUP

A

- ◆ Personality Enhancement Club
- ◆ Dramatics Club

GROUP

B

- ◆ Wellness Club
- ◆ M.F Hussain Club

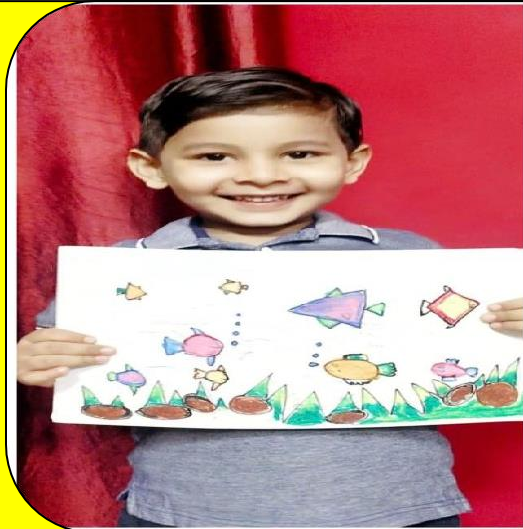

PERSONALITY ENHANCEMENT CLUB

To enable the student to think out of the box and off the feet. The extempore activity "My favorite toy" was conducted in personality Enhancement Club in which children get the platform to develop their communication, time management skills, and they were impelled to conceive and generate ideas without any preparation. Children effectively captivate the audience with their natural ability.

MF HUSSAIN CLUB

Engaging in activities related to arts and crafts from a very young age leads to a tremendous improvement in hand-eye coordination. This will help a child during later primary school years when she or he is spacing out words or forming letters. In mf hussain club children's learn how to draw underwater scene with shapes.

WELLNESS CLUB

Yoga is essentially a spiritual discipline based on an extremely subtle science, which focuses on bringing harmony between mind and body. The tiny tots of Nursery and KG learnt and performed various asanas such as tadasana, trikon asana, ardha chakrasana , bujanga asana, Hal asana , dhanur asana, Pawanmukt asana ,jogging , jumping jacks etc. to recharge their energy and rejuvenate the body and mind. The session left everyone feeling inspired, refreshed and peaceful.

DRAMATIC CLUB

Experiencing Infinite Moments Of Joy

Breaking the monotony of routine Indoor Study Plan, the excitement of jovial spirits of MVN School, Sector-17 Kindergarten, rode high as they were introduced to Dramatics Club.

The inquisitive learners had an exciting time learning in a multitude of expressive gestures. From lifting their eyebrows, squinting their eyes to flashing a wide grin, the happy learners acted out under the careful guidance of their mentors to display various emotions like happiness, grief, anger and ecstasy.

CHILDREN'S BOOK WEEK

Read-A-Thon

24th May 2021 - 28th May 2021

Dear Parent

*"There are many little ways to enlarge the Child's world.
Love of books is the best of all".*

"He that loves reading has everything within his reach" and childhood is the right time to introduce the young minds to the world of books. Glossy pages and colourful pictures not only enlighten and brighten our children but also help them imbibe morals and values instinctively. To celebrate the joy of reading books and enlarge the child's world, MVN School, Sector-17 is organizing a Book Week for Pre-Primary Wing from 24th May, 2021 to 28th May, 2021 to give wings to the mind and flight to the imagination.

Nursery

Read me a Story

Day 1

Story - The Horse and The Snail

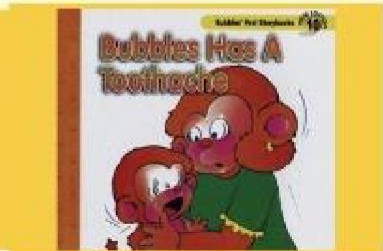

Fun with Clay - Making of Snail with Clay

Day 2

Story - Bubbles Has a Toothache

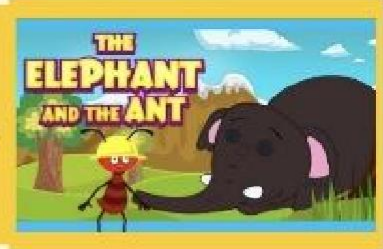

Healthy Habits - Steps for brushing teeth

Day 3

Story - The Ant and The Elephant

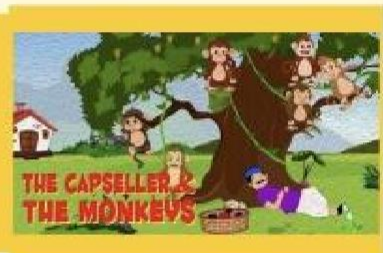

My first journal - Drawing and Colouring of Tree, Ant and Elephant with Basic Strokes

Day 4

Story - The Capseller and The Monkeys

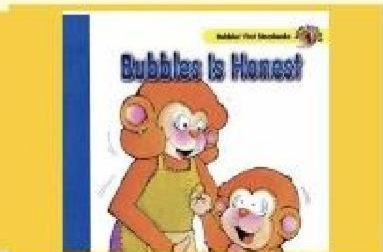

Making and Decorating Birthday Cap

Day 5

Story - Bubbles is Honest

Interactive session based on honesty

KG

Read me a Rhyme

Day 1

Rhyme - Red light, Red light

Drawing and Colouring of Traffic Light

Day 2

Rhyme - Cobbler Cobbler Mend My Shoe

Interactive Session on Community Helpers

Day 3

Rhyme - I Am A little Teapot

Drawing of Spatial Concepts

Day 4

Rhyme - Five Little ducks

Backward Walking Integrated
with Backward Counting

Day 5

Rhyme - Brush Brush Brush Your Teeth

Healthy Habits - Hand Washing

Read Now ! Read Forever !!

We promise to read, Each day and each night,
We know it's the key, To growing up right

We'll read to ourselves, We'll read to a crowd,
It makes no difference, If silent or loud

We'll read at our desks, At home and at school,
On a bean bag or bed, By the fire or pool

Each book that we read, Puts smarts in our heads,
'Cause brains grow more thoughts, The more they are fed

So we take this oath, To make reading our way,
Of feeding our brains, What they need every day

BOOK WEEK

“There are many little ways to enlarge the Child's world. Love of books is the best of all “. “He that loves reading has everything within his reach”and childhood is the right time to introduce the young minds to the world of books. Glossy pages and colourful pictures not only enlighten and brighten our children but also help them imbibe morals and values instinctively. To celebrate the joy of reading books and enlarge the child's world, MVN School, Sector-17 is organizing a Book Week for Pre-Primary Wing from 24th May, 2021 to 28th May, 2021 to give wings to the mind and flight to the imagination.

READ-A-THON (DAY-1)

Merrily Monday's First day Activities of the "Book Week" were amazing and full of enthusiasm. The keen listeners of Nursery rapt into their first story of the book week "The Horse and the Snail" and enjoyed making 3D snail with the help of colourful clays. Our Kindergarten heroes were encouraged to draw Journal, introducing the concept of "Red, Yellow and Green" traffic light signals.

"Read -A -Thon" DAY 2

Learning to read is about listening and understanding as well as working out what is depicted on the page. Through hearing stories, children were exposed to a wide range of words and healthy habits. The nursery kids enjoyed the story "Bubbles has a Toothache" and learned steps for brushing the teeth. The Kindergarten kids build their vocabulary and improved upon their understanding by listening to and reciting a rhyme based on Community Helper "Cobbler Cobbler Mend my Shoe" They apprised everyone about various Community Helpers during an interactive activity session. Both the sessions were fascinating and insightful for the kids.

Read-A-Thon" - DAY 3

The third day activity in the Book Week Celebrations reached a new high as the kindergarteners learnt about Spatial Concepts with the help of "I am a little teapot" rhyme. Lending a creative edge in to their work, the diligent minds were demonstrated live objects of big & small, and they created pictures with the help of their mentors. The joys of learning continued unabated whereas students ventured to listen to the story of The Ant and An Elephant. Busting with glee, the kids made their first journal to activate their knowledge with the help of their mentors. Smiling from ear to ear, the invigorating session helped the young students embark on the voyage of learning with renewed zeal.

READ-A-THON - DAY 4 Thrilling Thursday

Children get fascinated towards stories and it is like an icing on the cake when fraternized with learning while playing concept. Little ones were thrilled after listening and reading the story, "The Cap seller and the Monkeys" and after doing paper cap craft. They learnt the lesson that nothing is impossible. Our KG munchkins experienced the new learning method of backward counting by walking backward while reciting rhyme, "Five little ducks".

READ - A -THON - DAY 5

Embracing the healthy habit of washing hands, the young learners of kindergarten pledged to maintain good personal hygiene and bid goodbye to the disease causing germs. Under the guidance of their mentors, the tiny tots learnt to wash their hands in the correct manner to prevent sickness from turning their health topsy-turvy. Furthermore, they enjoyed singing the rhyme, "Brush, brush, brush your teeth" and also shared one good habit of theirs with the mentors. The keen listeners of Nursery gave ears to the story "Bubbles is Honest" and had an interactive session..The week-long activities culminated on a joyous note infusing love for reading amongst the jubilant learners. **HAPPY READING!!**

ACHIEVEMENTS

INTER SCHOOL ESSAY WRITING COMPETITION

"A true talent delights and gives wings to the possessor."

-Ralph Waldo Emerso

It gives us immense pleasure to announce that the students of MVN School, Sector-17, Chayanika Singh, Nitya Singla and Diya Sher have brought laurels to the school by participating and securing places for themselves in the Inter School Essay Competition, 'Expression'. Chayanika Singh, a Class X student bagged the First Position by penning her captivating opinions on the topic 'Integrity Makes a Great Character', Nitya Singla, Class X Student made her readers pondered upon 'Naari Shiksha Ka Mahatva' with her striking writing style and bagged the Second Position in Hindi Category and Diya Sher of Class XII presented her thought provoking ideas and questions regarding the major development issues faced by India with respect to achieving the UN Sustainable Development Goals and took the Third Position. The school extends its heartiest congratulations to the winners on their radiant accomplishment.
