

MVN TIMES KINDERGARTEN EDITION-III

OCTOBER-DECEMBER 2022

NEVER GIVE UP ON WHAT YOU
REALLY WANT TO DO. THE
PERSON WITH BIG DREAMS IS
MORE POWERFUL THAN ONE WITH
ALL THE FACTS.

– ALBERT EINSTEIN

FROM CO-ORDINATOR'S DESK

Dear Parent

Greetings,

It was very rightly said that "Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations".

At MVN, we strive to give every student the opportunity to express themselves through a carefully planned curriculum. Each child has his own unique quality and as an educator, it is our responsibility to nurture and develop every learner in their formative years.

MVN opens its gates every morning to the non-stop chatter, giggles and happy feet of children eagerly rushing into the school, looking forward to a day of fun and action.

Our dedicated teachers are equipped with reservoirs of love and warmth to help nurture the young minds to think out of the box and awaken a thirst and a healthy curiosity to know more.

Here we are with our third edition of the Pre-primary newsletter (OCTOBER-DECEMBER) for the year 2022-23. This festive journey was a plethora of celebrations, competitions, assemblies and extra-curricular activities. Children at MVN are exposed to a holistic play way method. Learning may be expressed in a variety of ways through language, play, drama, art, music and movement. We help children to develop their innate curiosity about the world around them. Children are involved in in-depth thinking, lateral thinking and hands-on experience to retain knowledge which helps them in their growing years. Children are motivated to move from known to unknown, concrete to abstract and local to global. The holistic and joyful learning that happens here brings the children back to their roots even after they have moved to other Sections.

I conclude with a message: We as parents and teachers are responsible for laying the foundation for their success, both academically and personally throughout life. Let us always remember every child is unique, limitless and ready to shine!

Please feel free to contact me for any query you have. As a coordinator, my door is always open to you as we work together to help each little child have an identity and a successful school year!

Vandana Laul

FROM COUNSELLOR'S DESK

Dear Parent

In parenting, every day is a new day sometimes filled with immense joy and at other times with a fresh set of challenges. Your child is evolving with time and so do you as a parent. The parenting strategies that were working sure shot till yesterday may seem ineffective today. Behaviors do change as the child grows up and sometimes some undesirable behaviors may develop.

Start of the New Year is a good opportunity for parents to understand the child better and to introduce concepts of self-analysis and goal setting in the child's life. Here are some insightful questions that you may explore with him/her informally:

1. What you liked this year? What is your best memory of the year?
2. What you are most grateful about this year?
3. What you learnt the best this year?
4. Any one good deed you did and you want to keep on doing it next year?
5. Any one mistake you did and you don't want to repeat next year?
6. What "new" you want to try this New Year?

Help the child to explore the questions himself without giving your version of answers for these. Restrain from correcting him directly. Instead give suggestions based on his answers. Also, share what you expect from him this year and suggest how he can achieve it. Please be mindful of your tone throughout as all this needs to be interesting for the child and effective for you.

Let the start of the New Year not be just for celebrations but also for better understanding and connect between you and your child.

Happy Parenting and a Happy New Year 2023!

Best wishes,

Archana Bapat

**PLETHORA
OF
ACTIVITIES**

DUSSEHRA CELEBRATION

Truth always wins, no matter how vicious evil is."

Dussehra is a ten days and nine nights long Hindu festival. It marks the victory of goodness over evil. Dussehra is celebrated on the tenth day of Hindu calendar month of Ashvin. It also marks the end of Navratri festivities. The festival commemorates the victory of Lord Rama over Ravana.

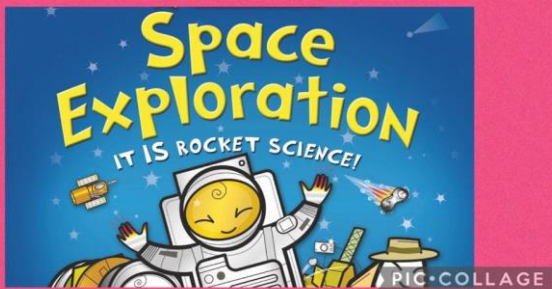

Children of MVN Kindergarten were super enthusiastic doing an inventive activity where the kids made masks of Ravana. They enjoyed watching short story on Dussehra and learnt the underlying spiritual significance behind the festival with resurgence of hope and faith.

They also learnt that in the battle of right and wrong, righteousness always triumphs victorious.

SPACE EXPLORATION

The solar system for kids is a place of infinite mystery, whether it's their fascination with the stars, planets, astronauts or space. This leads to the curiosity for exploring space. Our Nursery Cosmonauts explored facts of space and its celestial bodies such as sun and 8 planets and also got to know its rotation and revolution. Practical way of learning indeed helps kids to understand concepts easily.

100 DAYS OF SCHOOL

100 days I've been in school

My teacher says that's really cool!

I'm 100 days smarter, yes, it's true

100 days of reading, writing and math too!

I've learned a lot of exciting things

Let's see what the next 100 brings!

We're going to have fun; we'll let out a cheer

Our hundredth day is finally here!

100 days of school hold a special significance in the lives of Kindergarteners. It is time to appreciate the journey and celebrate the milestone!!! Celebrating the completion of 100 days of learning, the 100 days Smarter and Brighter kids of kindergarten gushed with joy as they plunged into a wide array of enriching activities with unbridled enthusiasm. It was really wonderful to see shining eyes and smiling faces wearing 100 days crown. The beautiful "Welcome Pathway" greeted the joyful hearts with open arms and amazed them. They began the day with the March past on 100 days song beat and walked together with zeal to learn and grow together. They also played a treasure hunt game, where they looked for number 100 hidden in the science park. The children left no stone unturned to mark the 100th-day special.

PICNIC TIME

Happy Children = Happy World!

It is perhaps rightly said that the children learn more via examples than through mere words. The impact of having learnt a lesson through hands-on experience stays with one for a long time. In cognizance with this thought, the pre-primary wing organized a day long excursion to Kidzania, a safe, unique and an interactive indoor theme park that has been created to empower, inspire and educate children through various hands on activities where-in the students explore and learn about the real world occupations.

The young learners showed great enthusiasm and active participation while playing the role of a surgeon, chef, firefighter, car mechanic and many more with full gusto. It was a perfect combination of fun and learning.

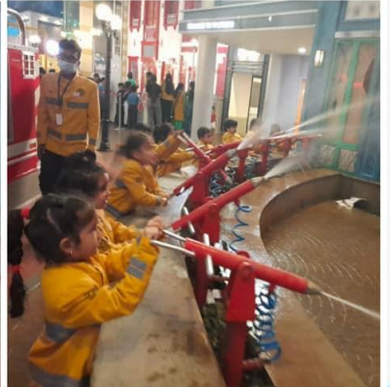

The enriching experience was immensely enjoyed by all. The students returned back to the school with wonderful memories to share with their parents.

PIC·COLLAGE

PIC·COLLAGE

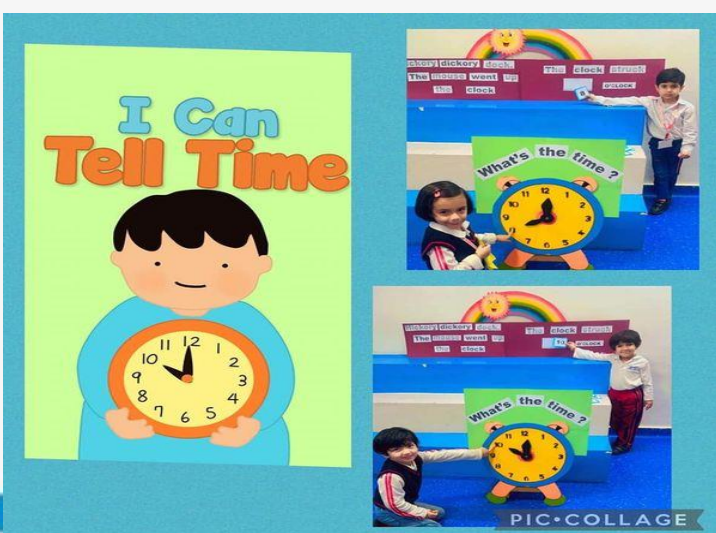

PIC·COLLAGE

TIME - O' CLOCK

Tick Tock, This is a clock
Time is precious in everyone's life.
The clock not only teaches us how to tell time, but also the right time to do something.
Learning and telling the right time is an essential skill for kids.
Realizing the importance of time, reading O' clock time activity in Analog Clock was organized for the tiny tots of nursery class. The enthusiastic learners also practiced the identification of the hour hand and minute hand.
Students enjoyed this experiential learning activity a lot. They rotated minute hand by identifying numbers displayed on flash cards. They were familiarized with the concept of *o'clock* and also learnt how to read the time. This activity helped them to be comfortable with reading the correct time and developed their motor and cognitive skills.
Happy Learning!!

SOLAR SYSTEM QUIZ

MVN Kindergarten always offers versatile learning and gives opportunities to young learners to discover and understand things in a challenging way. To integrate the game mechanics into the learning process, Solar System Quiz was conducted for the young explorers of Nursery to check their understanding about planets and small bodies that inhabit our solar system. It inspired astronomy as a passion among little explorers. Ignited imaginations and encouraged a long-term fascination with outer space. It also helped the kids to develop and improve participative skills, critical thinking and broaden the horizons of their mind. Overall, it was a great learning experience which was thoroughly enjoyed by the children.

DIWALI CELEBRATIONS

Immersing in the boundless mirth of the festival of lights, the ebullient learners of the Kindergarten exuded zeal and enthusiasm by participating actively in an array of enriching activities. From learning about the journey of Lord Rama with the help of audio-visual aids to engaging themselves in the preparation of bandhanwars, wall hangings and playing "Match the Flame" game, the happiness of the tiny tots was unparalleled. In a bid to safeguard the environment, the mentors also shared the necessity of celebrating a "Green and Safe Diwali". Happy Diwali

HALLOWEEN

Walking up the garden path, I spy a yummy sweet, Halloween is here again,
Knock, Knock-trick or treat
Halloween is a celebration observed on 31st October, the eve of the Western Christian feast of All Hallows' Day. Children of MVN Kindergarten celebrated Halloween with a fun-filled exciting fancy dress parade. There were Witches, Wizard, Goblins, Fairies and Superheroes walking down the corridor to play 'Trick or Treat'. They were looking extremely adorable dressed up in various attires. Little Kindergarteners were super excited to do cotton dabbing activity in Jack-o' lantern and posed for a perfect Halloween Click with their piece of work. It was an exotic event for children where they learnt about the relevance of Jack-o'-lantern through a story and danced to the tunes of spooky songs. It was a delight to see them enjoying throughout the day.

LEARNING HINDI LETTER

Learning is not attained by chance; it must be sought for with ardor and attended to with diligence."

Striding ahead with confidence and enthusiasm, the inquisitive learners of MVN Kindergarten commenced their educational journey into learning Hindi by acquainting themselves with the *Swar-अ* . The multi-sensory approach to learning aided the students to grasp the concept efficiently and develop a keen understanding of their immediate surroundings. The children mastered the concept by doing a tearing and pasting activity. They strengthened their learning by finding Swar-अ in Hindi Newspaper. They had a great time doing this integrated activity.

LEMON AND SPOON RACE

What we learn with pleasure, we never forget.

Activity-based learning helps children think outside the box and also creates a strong foundation. The purpose of creating such activities is to generate interest in learning and a sense of adroitness among the kids. Focusing on the sounds of "R," "Lemon & Spoon", race was organized for Nursery kids. Handling the lemon on the spoon placed in their mouth, a perfect balance was created by tiny tots while running towards the finishing line. The sense of balance allowed them to balance the lemon on the spoon and run at the same time. This sport enhances the mental skills to determine the pace of a run and balance the lemon on the spoon without falling.

HAPPY THANKS GIVING

There Is Always Something To Be Thankful For.

"A grateful heart is a magnet for miracles" A true saying which tells us the importance of being grateful for the little things and people that make our life beautiful & meaningful.

Thanksgiving Day is celebrated every year on the fourth Thursday of November. This day is celebrated to acknowledge family, friends, and loved ones for their presence and support in their life. On this day the kind little hearts of MVN Sector 17 said "Thank You" in their own way and expressed gratitude for the abundance in their life.

Different activities were planned where the students of KG made Thank-you cards and mentioned the names of people and things they are thankful for. Nursery children made turkey birds crowns with colourful feathers. They wore it and expressed their gratitude to everyone by saying the golden word "Thank you".

Overall, it was a commendable gesture by our children as they spread a message of being thankful in the society. 'The more you thank life, the more life gives you to be thankful for'.

MY FAVOURITE SPORTS STAR

Every year Children's day is celebrated on the 14th of November to commemorate the birth anniversary of Pt. Jawaharlal Nehru, India's first prime minister who is fondly remembered as "Chacha Nehru" among the children. He emphasized on children's privileges, care and education. The day is a reminder that every child deserves education, nurturing and the best of everything. Children are the building blocks of the nation and hence, the future of the nation depends on how well they are brought up. On this occasion, our little kindergarteners enjoyed bouncy jumping and spoke articulately on their favourite sports star and they seemed excited and confident. Dressed up as their favourite sports star and using props, it was an amazing sight to see them performing confidently.

DELVING INTO THE WORLD OF SOUND

The tiny tots of the kindergarten strengthened their learning curve by delving into the world of sound with gusto. The melange of engaging activities enabled the children to explore the concept of sound. The young minds shared various objects that produce sound and spoke about them. They could also differentiate between the loud and soft sound produced by these objects. Furthermore, the young minds coloured the sound sheet to cement their learning.

CIRCLE TIME

"Children love Circle Time; Circle Time brings just the right blend of structure, enjoyment and learning!"

Circle Time is a very exciting, democratic and creative approach of promoting better relationships and helps with positive behaviour management among the young learners. It is a special time where the nursery kids share finger-plays, chants and rhymes, songs, play rhythmic instruments, read a story and participate in movement games and relaxation activities. It provides a time for listening, developing attention span, promoting oral communication, and learning new concepts and skills. It is a time for auditory memory, sensory experiences, socialization, and a time for fun. Our Nursery kids were engaged during circle time with the ongoing topic of Food and Nutrition, wherein they passed flash cards of fruits and vegetables to their fellows and turn wise they all got the opportunity to speak on their favourite fruits and vegetables. It helped kids to get involved throughout the time.

3D SHAPES

"Nothing in this world exists without a shape or a pattern. The world of art is full of shapes."

Children begin to identify shapes without knowing what exactly they are. To enhance the observation, imagination and creative skills in our students, 'The Solid Shapes Activity' was organized for them. They brought different 3-d solid shapes and tried to recognize them. It was delightful to see tiny tots rendering different three-dimensional objects more realistically. All the students participated with full zeal and enthusiasm and enjoyed the activity.

TYPING NUMBERS

We all are aware of that how fast technology has advanced and how widely it's spread. Computer plays a huge role in our everyday lives. The tiny tots of Nursery entered the world of computers by typing numbers 1-10 on laptops and enjoyed the "writing to typing" skill. Children were introduced to each number on the keyboard with the correct finger while improving numbers recognition, dexterity, and familiarity with the laptop and its parts. It helped the kids to build fine motor skills.

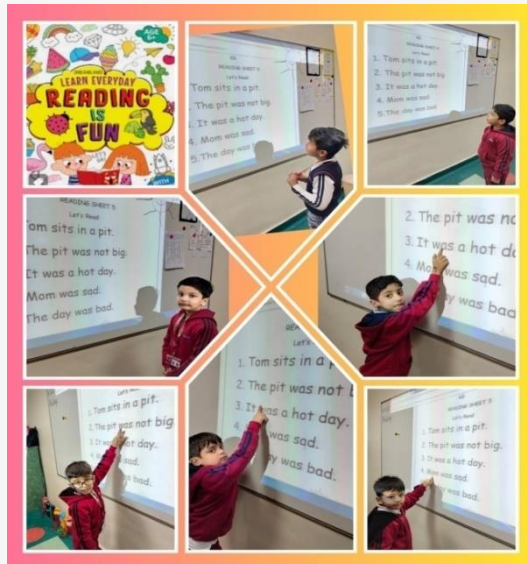

MY FAMILY TREE

MVN Kindergarten believes in holistic development of each child. It always ensures that the young learners should be socially and emotionally strong and should respect their family members and remain intact with them and their values. To impart the same "My Family Tree" activity was conducted in which the kids pasted the pictures of the members of their family and mentioned the relationship they share with them. It was a fun and educational way to introduce kids to their family history and gave them a sense of identity. In the classroom, children shared information about their family members and learnt about the diverse backgrounds of their peers, and gained a deeper understanding of that diversity. Children enjoyed discovering and sharing about their family members, celebrating family traditions and embracing different culture. It also gave them a sense of self-worth and belonging.

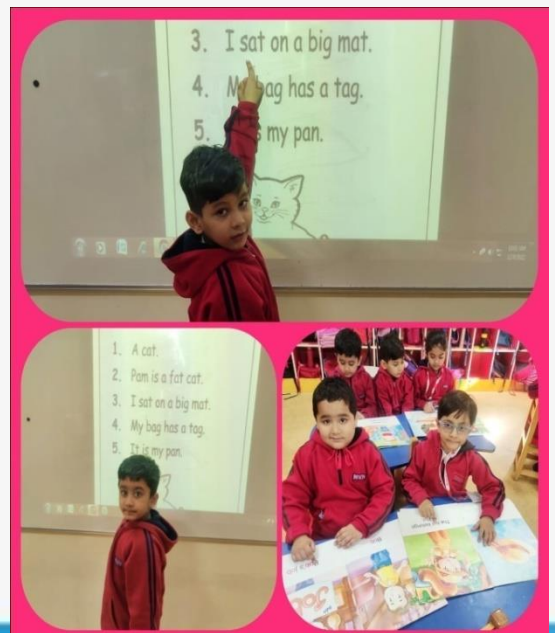

DROP EVERYTHING AND READ

DEAR Session

Reading is a very good habit that one needs to develop in life. Good books can inform you, enlighten you and leave you in the right direction. There is no better companion than a good book. For this "DEAR" Sessions are organized time to time to develop early love of reading for the kindergarteners. From working on their reading skills to enhancing their vocabulary, the students were actively supported by their mentors on their journey of reading with vigour and passion. Happy Reading!!

FANCY DRESS ACTIVITY

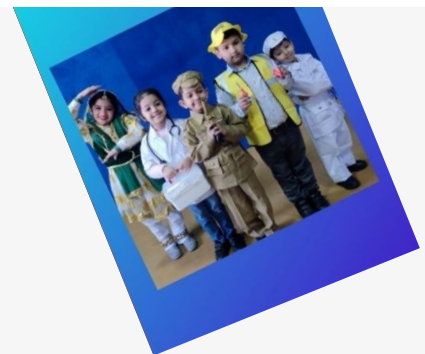

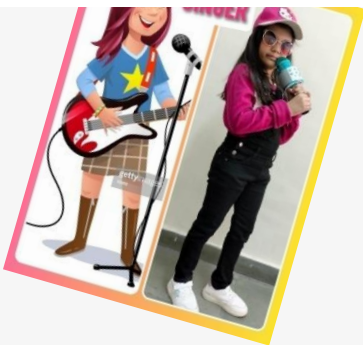

"The most beautiful world is always entered through imagination."- Helen Keller

Fancy Dress Activity fosters creativity and has been known to have cognitive, physical, emotional and social benefits in the development of children.

To enhance their imagination and build confidence, a Fancy Dress activity was conducted for the students of pre primary on the topic "What I want to be when I grow up...". They participated with great enthusiasm and showcased their versatility.

Blooming buds were super excited dressed-up as Astronauts, Scientists, Chefs, Singers, Classical Dancers etc to name a few. The parents put in a lot of effort and did an astounding job dressing the kids with boundless imagination. Principal, MVN School Sector 17 Ms. Agalya Venkatesh appreciated and boosted children for their outstanding efforts.

The day culminated with a feeling of confidence in children to be focused to achieve their goal.

LEARNING HALF-PAST TIME

Learning Time -- Half Past

We all know that time is a valuable commodity in our lives and the clocks are an important part of knowing the time. The clock teaches us the right time to take the leap and do something. Realizing the importance of time, the young scholars of the kindergarten were introduced to the Time- Half Past. Emboldening their learning curve with great fervour, the kids learnt the concept with the help of an analog clock. The enthusiastic learners practiced the identification of minute hand and hour hand and also familiarized themselves how to read the time. Overall it was a fun-filled learning experience for them.

MERRY CHRISTMAS

"Christmas is for joy, for giving and sharing, for laughter, for coming together with family and friends.

It was surely a Christmas to remember at MVN Kindergarten. The school wore a festive look with bells, streamers and a beautifully decorated Christmas tree. Nursery children decorated the big Christmas tree and learnt teamwork, where in Kindergarten Kids decorated their personalized Christmas tree and learnt assembling and showed their creativity. The children were told about the birth of Lord Jesus and the legend of Santa Claus. The spirit of giving and sharing was inculcated among the tiny tots. The essence of Christmas came alive when they sang Christmas carols and enjoyed Christmas party and played games with their friends. The boundless joy of celebrating the festival was amply visible on the faces of the children. The delightful celebration included children coming in red and white colour party dress, bringing their favourite food for lunch, dancing and sharing the merriment together.

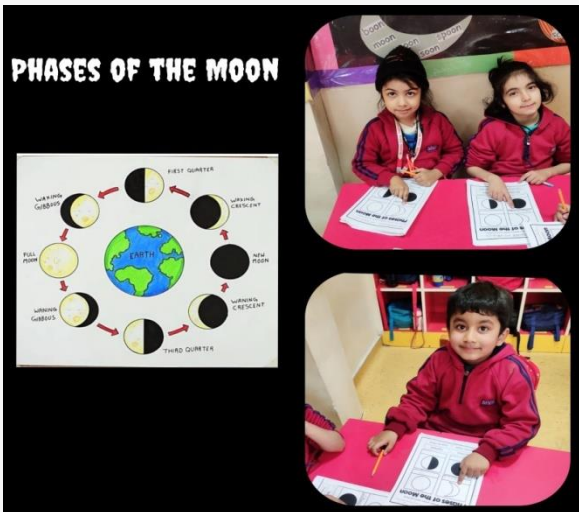

PHASES OF THE MOON

Here comes the "Moon"

Emboldening the learning curve, the happy learners of kindergarten were introduced to the various "Phases of the Moon". They cut and pasted different shapes of the moon and also did related worksheet to internalize it's phases. The multi-sensory learning approach aided the retention and honed the eye-hand coordination of the students. The fun-filled activity was immensely enjoyed by all.

SPECIAL ASSEMBLIES

HAPPY DIWALI

Diwali brings prayers, positivity and fun.

The festival symbolizes the victory of righteousness and the lifting of spiritual darkness. On Diwali, the goddess Lakshmi, who symbolizes wealth, happiness and prosperity, is worshipped. Diwali, the biggest festival of the year, has actually arrived and the excitement is in the air all around.

The enthusiastic students of Nursery Bluebells presented a sparkling assembly on Diwali, showcasing vibrant spectacular array of performances including a solo dance, group dance, Doha recitation and a welcome song for Lord Rama. They also apprised the audience with the significance of celebrating Diwali and also shared the do's and don'ts while celebrating the festival. It was indeed a knowledgeable assembly wishing everyone a happy and safe Diwali!

HARYANA DAY

Haryana Day is commemorated every year on 1st November to mark the establishment of the state of Haryana. Haryana holds a lot of significance for the nation. It is a state which is rich in agriculture, industries and is best known for producing the best athletes for the country especially in the field of wrestling and boxing.

The students of Nursery and Kindergarten celebrated Haryana Day with great zeal and enthusiasm.

Children were very excited to see the map of their state. They did beautiful colouring in the map and marked their city i.e. Faridabad on the map. Little tiny tots of Nursery class were very happy doing colouring in Haryana Day Badges. They proudly pinned the badges on their shirts. They also learnt about various districts of Haryana. They also relished stuffed parantha and milk products like curd, lassi and flavoured milk and learnt the importance of milk and milk products to become a healthy citizen of Haryana.

The children also gathered a lot of information about famous personalities like CM Manohar Lal Khatter, Kalpana Chawla, Kapil Dev, Sonu Nigam and many more. It was overall an informative day for kids to learn more about the state in which they are residing.

GURUPURAB

'God is one, but he has innumerable forms. He is the creator of all and he himself takes the human form.'

The auspicious occasion of Guru Nanak Jayanti witnessed by the Kindergarteners paying a heartfelt tribute to the founder of Sikhism, Shri Guru Nanak Dev Ji. The school premises bathed in the pious and serene rendering of the sacred Mool Mantra "Ek Onkar"

The students dressed in traditional attire put light on the inspirational teachings of Waheguru ji followed by Nagar Kirtan, a traditional procession led by the saffron-robed Panj Piare (the five beloved of the Guru), The celebration took place in the presence of Pre-primary co-ordinator Ms.Vandana Laul ma'am. She enlightened the students with the teachings of Guru Nanak Dev Ji and advised them to follow the path shown by him.

The assembly summed up with the distribution of "Kadah Prasad". This was an effort to inculcate moral values in the children and to make them aware about the teachings of Guru Nanak Dev Ji. The day culminated with the feeling of togetherness. Such a divine experience it was!

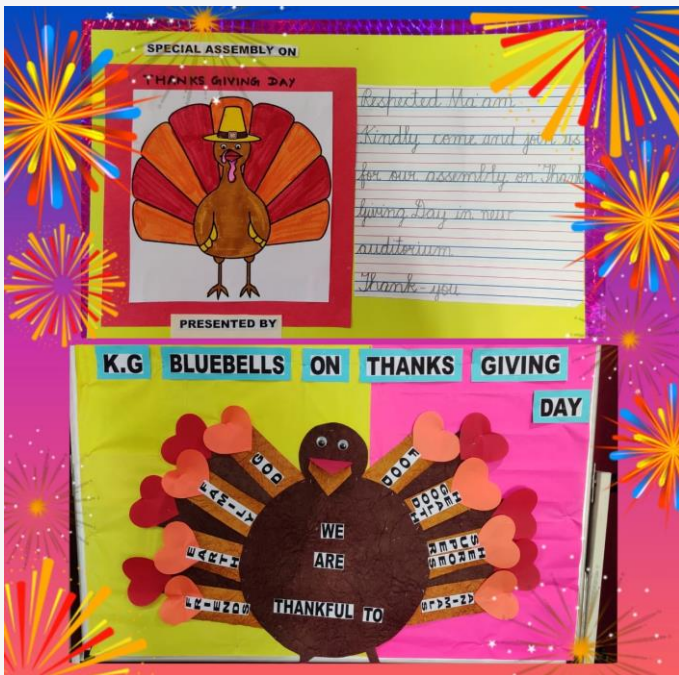

HAPPY GURUPURAB

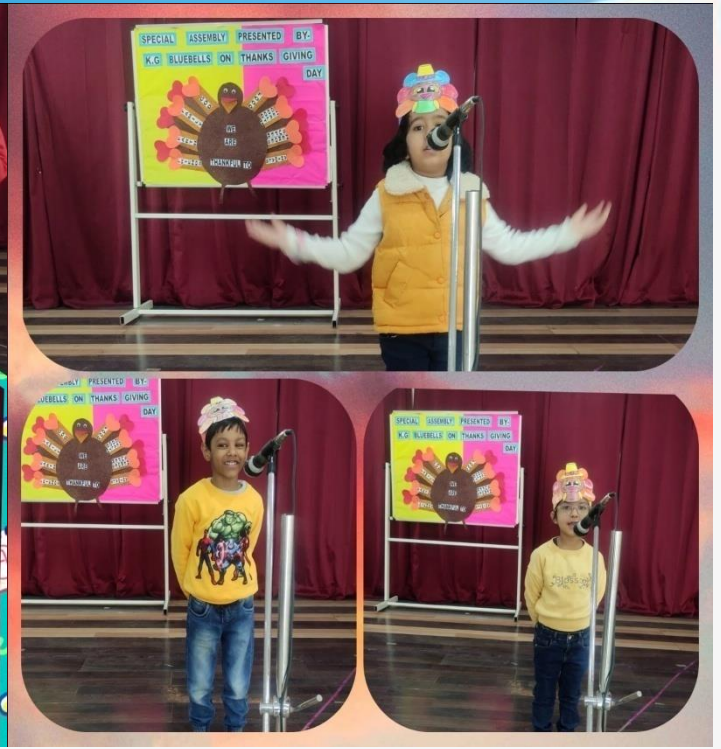

THANKS-GIVING DAY

"Thanksgiving is a time of Togetherness and Gratitude"

The young scholars of KG Bluebells presented a special assembly on "Thanksgiving Day" with immense vigour and passion. The students were made aware of why and how this day is celebrated. They expressed their gratitude towards God, Planet Earth, Parents, Friends and Community Helpers. The main attraction of the assembly was the Thank-you dance. The assembly was immensely enjoyed by one and all. It was an enriching learning experience for the kindergarteners.

WINTER SEASON

We, at MVN Kindergarten, believe in imparting knowledge through innovative methods and one of the most novel one is through the assemblies. The students of Nursery Aster conducted their class assembly with the topic 'Winter Season.' The assembly commenced with a Morning Prayer which is believed to provide peace and serenity to our minds and souls. Students exhibited the woollen clothes and aids used to save ourselves from the winter. They smartly ramp walked on the stage and spoke about winter season, its duration, climate, food, flora & fauna, snow and the use of sweaters, mufflers, gumboots, and Jackets. Students also shared some do's and don'ts about winter season followed by a beautiful roller coaster of rhymes. The students were also educated on the problems we face during the winter season like flu, cold and cough. The Assembly ended with a beautiful foot-tapping dance leaving everyone spellbound!

CHRISTMAS

Christmas waves a magic wand over the world, and behold, everything is softer and more beautiful.

The much-awaited festival of Christmas was celebrated with fervour and zeal. The students of Nursery-Bluebells presented an array of Christmas assembly, wherein kids echoed Christmas carols and poem and they presented the significance of celebrating Christmas, Which emphasized that Christmas is more than just Santa, cards, toys and gifts under the Christmas tree. Children were filled with joy and excitement as Santa came dancing to the tune of Jingle bells. The message of the assembly was loud and clear-come let us embrace the spirit of Christmas by bringing joy and happiness everywhere.

ACHIEVEMENTS

NATIONAL STANDARD EXAMINATION 2022-23

The prestigious National Standard Examination conducted by IAPT, Indian Association of Physics Teachers, in Physics , Chemistry , Biology , Astronomy and Junior Science is the first stage for the much coveted International Olympiads in respective subjects. Thousands of aspirants from all over the country take part in this examination of national acclaim . It is a matter of great pride for us that Naman Goyal (Class XII) has qualified for the second round by acing NSEP (National Standard Examination Physics) and NSEA (National Standard Examination Astronomy) 2022 -23 .

Congratulations to Naman on this great feat and sincerest wishes that the winning streak continues !

DECLAMATION EXPO 2022

"Success is focusing the full power of all you are on a burning desire to achieve."

The students of MVN Sector-17 participated in "Declamation Expo 2022" organized by MRIS Sector-21C, where they not only proved their mettle but also presented tough competition for the other participants. The event provided students an opportunity to step out of their cocoons and spread out their wings to transform into magnificent butterflies. Prishita Gulati of Class Nursery Aster stood first in Rhyme Recitation, Moksha Arora of Class 2 bagged the first position in Bas Ek Minute, Riyansika Malik of Class 6 was awarded the first position in Poetry Recitation, Aashna Khurana of Class 7 secured the first position in Bhashan Pratiyogita and Siyona Kaul of Class of Class 5 was conferred the second position in Monologue. The students left everyone awe-struck as they presented their talent so immaculately and effortlessly.

ELIXIR 2.0

Success is where preparation and opportunity meet.

The students of MVN Sector 17 participated in the event Elixir 2.0, a Literary Bonanza, organised by Shiv Nadar School on 4th November, 2022. It gives us immense pride to announce the names of the victors.

Jagriti Goswami of Class IX emerged the winner by bagging the first position in the event Soliloquy. She presented a soliloquy through Christopher Marlowe's immortal character, Dr Faustus.

Our budding poet, Aashna Khurana of Class -VII also stood victorious in the event 'Poem in my Pocket' by composing a heart touching poem based on the theme Planet Change and Sustainability.

The school congratulates the winners.

IT FEST - 2022

Competitions play a role in motivating students to perform, excel and offer a lot more reward than just the winning prize. They offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. Keeping this in mind, the students of MVN Sector-17 participated in the IT Fest 2022 held at Delhi Public School, Greater Faridabad, where Sejal Garg and Tanusha Chopra bagged the 1st Position in the Event "Reel Deal on the 5G Revolution" and Yash Vatsalya Jaiswal was also conferred the 1st Position in the Event " Brew the Code".

The students left everyone awe-struck as they presented their talent so immaculately and effortlessly.

CHRYsalis 2.0

Our Budding Blogger Scales the Zenith of Excellence.

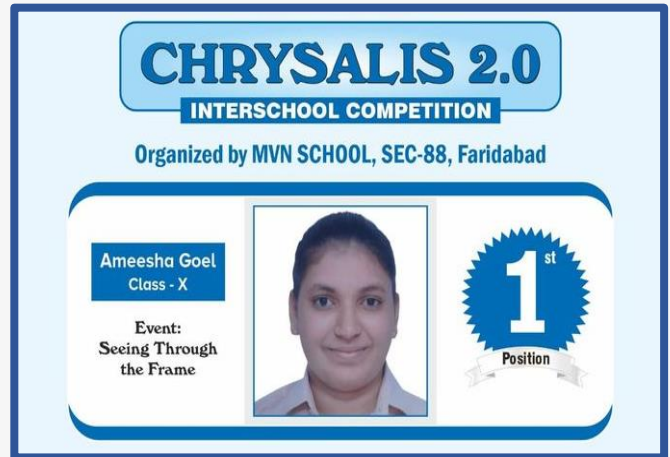

A moment of elation, pride and exhilaration for MVN Sector 17 as Ameesha Goel from grade X bagged the first position in Chrysalis 2.0, an inter school competition organized by MVN Sector 88 on 19th November, 2022. Kudos to our young writer for her stupendous performance in the event 'Seeing Through The Frame'.

We extend our heartiest congratulations and wish many more accomplishments for her.

ABHIVYAKTI

Success is where preparation and opportunity meet.

MVNite embraced success once again. It gives us immense pride to announce that Kanishka Jain of Class V showcased her artistic skills and emerged as the winner by bagging the first position in the event Abhivyakti, organised by DAV Public School, NTPC.

SPEECH COMPETITION

"Admiration comes easy to a person who is endowed with the fine art of public speaking, who adorns common thoughts with the grace of, elocution, and the elegance of style."

MVN aims to enhance the confidence level and oratory skills of its students. At the 10th Rawal Inter school Speech Competition Free Dialogue 2022, organized by Rawal Public School, Ballabgarh, Saachi Garg of Class VIII won the second position. The topic of her speech was 'Privacy in the Digital Era is a Myth'. She spoke with great confidence and left no stone unturned to give her best.
