## FROM CO ORDINATOR'S DESK

***"Education is the most powerful weapon which you can use to change the world."***

***- Nelson Mandela***

It has been an incredible journey and I am so proud of each and every child as they all have worked very hard and made great progress this school year. We have shared many wonderful memories together and also had fun while learning.

MVN nurtures every student's talent in all spheres be it academics, sports, visual or the performing arts. The holistic and individualized learning environment provides a setting conducive for self-discovery and independent decision making. With a team of dedicated teachers for guiding children and helping each one reaches their full potential; we have successfully created a secure and safe environment for all our learners. A true MVNite is one who works with determination, moves forward with courage and succeeds in life despite various challenges. As Jonas Salk said, "Hope lies in dreams, in imagination and in the courage of those who dare to make dreams into reality." It is with this hope and faith that we seek to instill in our children the values of empathy, leadership and the passion to follow their dreams.

Our endeavour will always be to nurture & strengthen this harmonious partnership between students, teachers and parents. I would like to thank all of our parents for the support we received during this school year.

Wishing all the little learners the best in their future and look forward to welcoming you all back, refreshed, for what will be an exciting, new academic year.

With Best Wishes

Vandana Laul

## FROM COUNSELLOR'S DESK

Dear parents,

A crucial part of parenting young children is teaching them appropriate behavior. All behavior depends on communication. Understand this with a small example:

Have you ever forced your child to say sorry for their mistake? And have you ever felt that even after saying sorry there is no change in behavior of the child. Rather the child is saying sorry just to satisfy you or to avoid conflict or shame.

A forced apology from a child never yields desired results. It is not genuine and is given with insincere words. It doesn't address the real problem. Many a times, children feel that saying "sorry" is just a ritual that they need to do after any misbehavior. This frustrates the parents further.

A forced apology is never effective in teaching empathy. It also causes the child to say things they don't mean. They learn to do things to please others in order to avoid shame and conflict. They do not understand their mistakes and get confused.

So instead of asking them for apology and force them to say sorry, provide them with an opportunity to open up and help them analyze the situation. Validate their emotions but never justify them. Help them weigh the available options of behavior. Discuss consequences of each option and gently move them towards the appropriate behavior option. Now coming back to present issue, ask them what they can do to fix it. You will be pleased to see that their empathy will lead to apology which will come from deep within. Ask if they would like to choose appropriate option next time.

With patience and right way of communication in parenting, the behavior can be managed successfully.

Happy Parenting!

# EDUCATIONAL ACTIVITIES

## HAPPY NEW YEAR

**“New year is the glittering light to brighten the dream-lined pathway of future.”**

MVN Kindergarteners bid adieu to the year 2022 on a positive note with fun, frolic, gaiety and joy. 🎉 ✨ 🎵

Ushering in a new year with tons of excitement and enthusiasm, they enjoyed a peppy party with their friends on groovy music. 🎉 ✨ 🎵

Pre-Primary Co-ordinator Ms. Vandana Laul, reiterated the importance of New Year Resolution by sharing that every resolution we make on this day implies that we are in control of ourselves. She implied that we can be focused individuals who can make choices for better living.

Children also made new year resolutions to be accomplished in the next year.

 **Warm wishes for winter break!**

 **Happy New Year** 🌟

# ZIGZAG PATTERN-Z

Pattern writing provides kids with the ability to use cognitive development, observations, and hand-eye coordination. It also encourages them to draw in a specific direction.

The purpose of conducting the zigzag pattern activity is to make the kids aware of the formation of letter **Z**. Kids connected a zigzag pattern from the starting point to the endpoint. This activity is also helpful to improve fine motor skills.

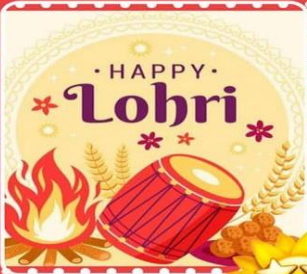

# LOHRI CELEBRATION

India is known as a land of festivals and celebration. Lohri is the first festival of the New Year and is a popular harvest festival that is celebrated with great fervour and enthusiasm in northern India.

The festival prompts to be thankful for God's provisions and to celebrate his creations. To make this event a memorable one, the little hearts of MVN Kindergarten celebrated the festival with exuberance and fanfare via virtual platform. The class started with immense joy, enthusiasm and magnificence. The tiny tots of Preschool were dressed up in ethnic attires. The children danced to the foot tapping Punjabi music to the fullest. The kindergarten students made cards using groundnuts, popcorn, revari etc.

The teachers explained the children about Lohri festival and enriched their knowledge. All the children enthusiastically participated in the Lohri celebrations. Overall it was a fun filled session for the little ones. The students were overwhelmed and enjoyed the day.

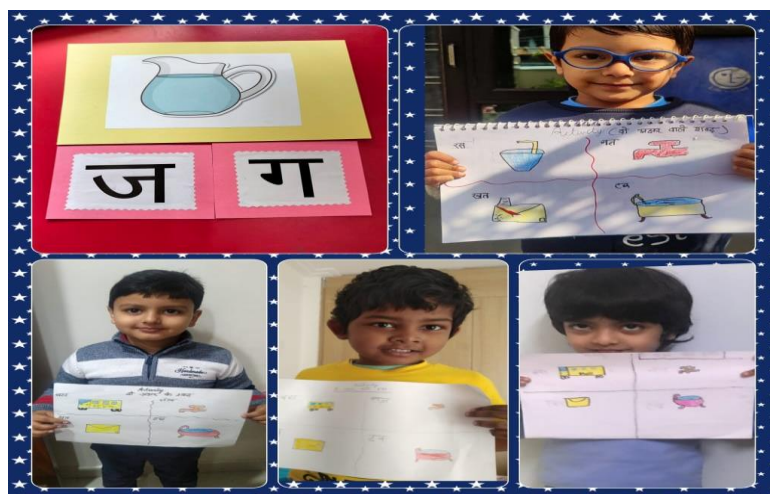

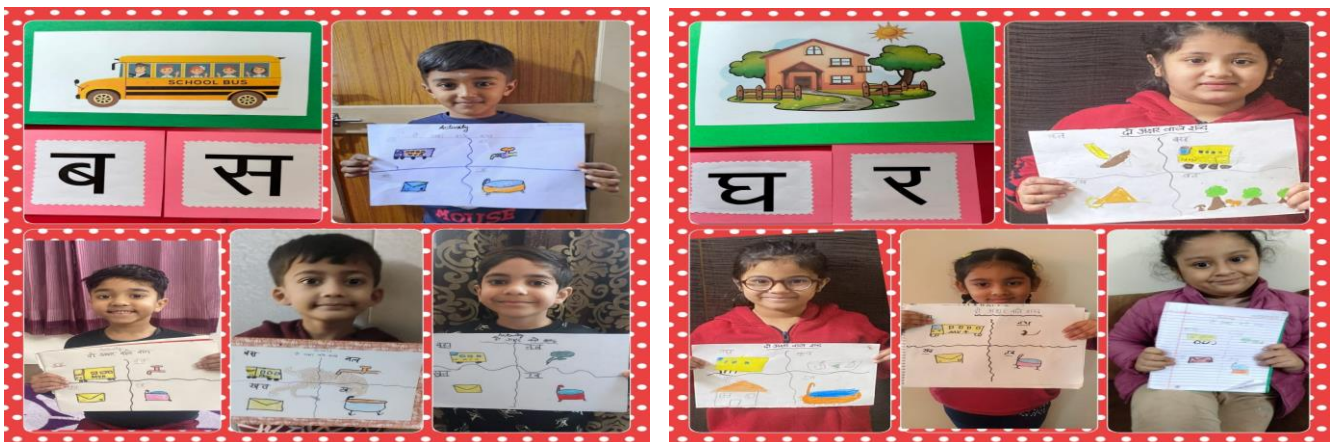

# LEARNING IS FUN

Embarking on a joyful adventure to the world of two letter words in Hindi, a fun filled activity was planned for the enthusiastic learners of kindergarten wherein the children joined two letters of their choice, draw the related picture and filled colours in the same. The activity helped the children to get familiar with the meanings of the words and built their vocabulary. It also enhanced their motor skills and creative writing skills.

Happy learning!!

# FUN WITH MS- PAINT

Computers in education have become ubiquitous today.

Computer skills make students future-ready and boost their creativity.

Little MVNites strengthened their learning curve by delving into the world of MS-Paint with gusto. The engaging activity enabled the children to draw different shapes in drawing area by dragging them from shape tools. Furthermore, the young minds also learnt how to use colours from the colour palette.

Overall, it was a fun filled learning session where children developed the ability to use various tools and enhanced their knowledge about MS-PAINT.

# REPUBLIC DAY CELEBRATION

Republic Day is a public holiday in India where the country marks and celebrates the date on which the Constitution of India came into effect on 26 January 1950.

The celebration of Republic Day envisages the celebration of the spirit of democracy in its purest form. The jubilant hearts of kindergarten created beautiful crafts under the guidance of their mentors.

To exhibit their love for the tricolour, they did “**Tearing and Pasting**” activity and were made aware about the National Insignias. The tiny tots beamed with happiness as they participated in the related quiz. Overall, it was a beautiful day infused with immense patriotic fervour and zeal.

# I CAN WRITE MY NAME

“I can write my name”

Writing names increases children's conceptual and procedural knowledge and it leads to a deeper understanding of letters and sounds. Name writing involves not only emergent literacy skills but also fine motor skills.

Our little nursery writers took the initiative to write their names and also got the awareness to join letters.

The moment was joyous when the little ones wrote their names for the very first time. It's such a precious milestone and a lovely achievement for the tiny tots.

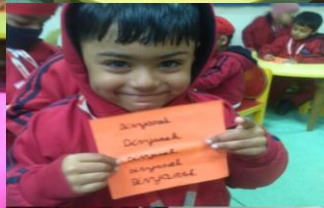

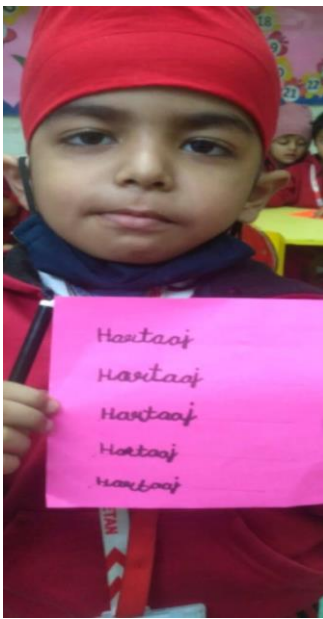

**i CAN  
WRITE  
MY NAME**

PIC•COLLAGE

PIC•COLLAGE

# SORTING

MVN believes in offering a wide array of learning opportunities to its students. Good and healthy student engagement is the key to effective and long-lasting learning.

” Sorting” activity was planned for Class Nursery students using various colourful objects like pencil, eraser, sharpener, fevisticks. It is a child’s first introduction to the topic “Data Analysis”.

Sorting and categorizing objects helped children in mastering and grouping items as "same" and “different”.

It taught young mathematicians to notice similarities and differences, learnt to categorize and developed early literacy and numeracy skills.

PIC-COLLAGE

# SPEAK ON SESSION

## My Favourite Planet

The art of communication is the language of Leadership”.

“Speak - on” sessions are much-needed for young learners. Kids can turn into confident and natural speakers and lose their fears and inhibitions on speaking when they are trained from a very young age.  

To keep the tradition going and to incite curiosity and inquisitiveness for the planets, a Speak On Session on the topic

“My Favourite Planet” was organised for the kindergarten students.

The young, enthusiastic learners carried beautiful props and recited rhymes about their favourite planet.

The session was appreciated for the expression, confidence and presentation skills of the children. The event was thoroughly enjoyed by their mentors and friends. The little speakers won everyone`s heart and were applauded.

# PATTERNS ARE FUN

A Pattern is a regularity in the world, in human-made design, or in abstract ideas. Patterns are based on the fact that there are repetitions, that a certain thing occurs over and over again.

Ushering the young learners of the kindergarten into the 'Fascinating World of Patterns', the mentors guided the inquisitive spirits to identify and organize patterns from the real world. 🧠 🧠 🧠 🧠 🧠 🧠 🧠

The students learnt to efficiently group similar patterns and also honed their understanding of creating their own patterns using different objects like sharpeners, erasers, pencils blocks, straws, colours etc.

It was indeed a great learning experience for all !!!

# ANIMALS AND THEIR HOMES

## Animals As A Part Of The Learning Environment

Animals play a vital role in making our planet run smoothly. Our lives, our ecosystem, and the environment depend heavily on animals.

To enrich the learning and discovery journey of our tiny tots, Animals and their homes, a treasure hunt activity was conducted where children used Placards and searched for the homes of different animals.

Children also visited the school garden and observed the homes of different creatures available there. Mentor showed them various videos based on different types of animals, their homes, their young ones, their food and lifestyle. This activity provided our young learners a sense of responsibility, taught them about the natural world, and even helped them to develop empathy and compassion.

The interactions and hands-on experiences promoted kindness and respect towards all living creatures amongst the learners. It also enriched their learning about nature, ecology and relationships.

# CARDINAL TO ORDINAL

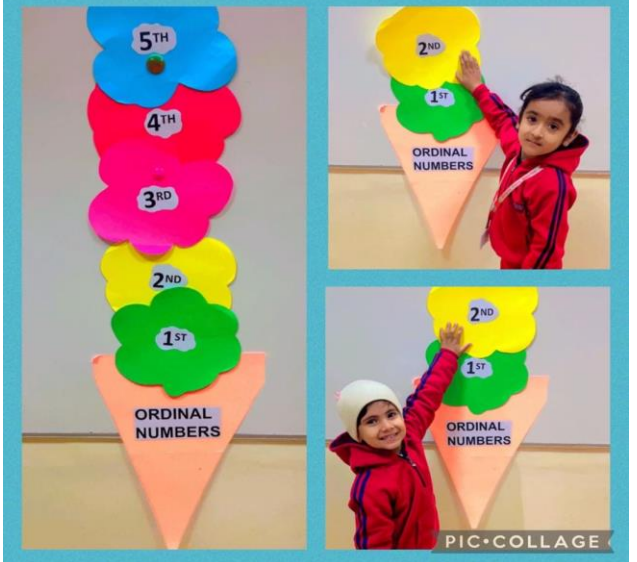

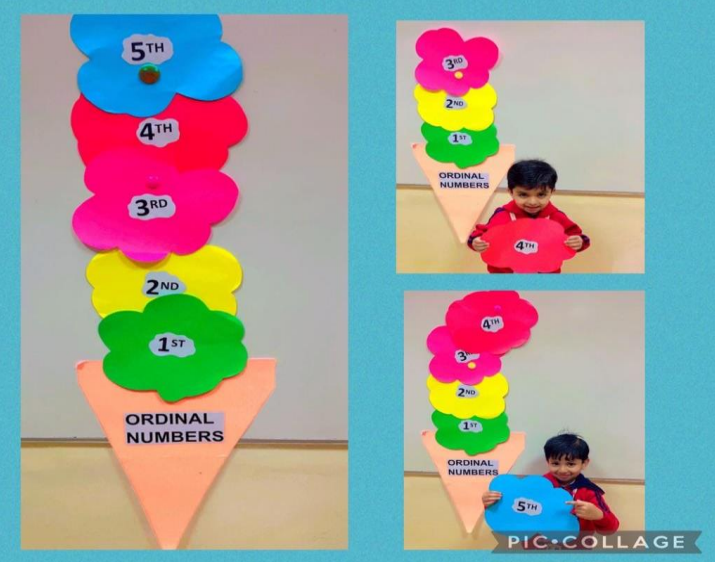

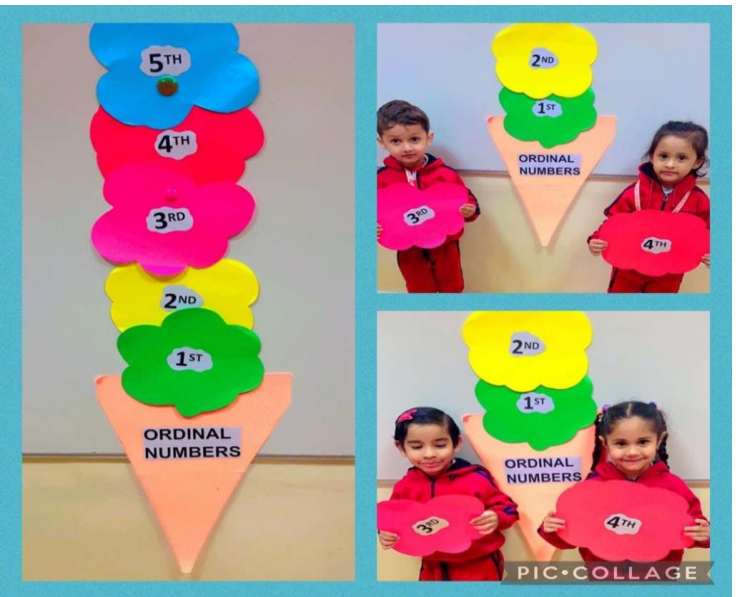

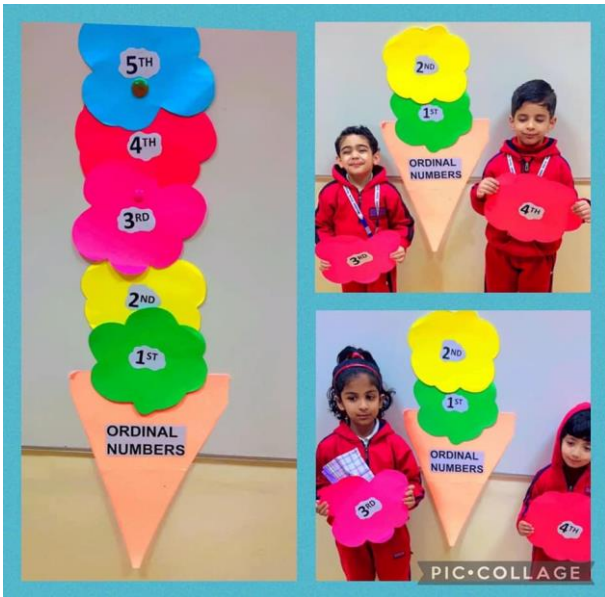

Ordinal numbers build a good foundation to connect mathematical concepts such as sequencing and counting.

They also help kids to communicate the order of objects and their places.

After learning Cardinal numbers, our Nursery tiny tots accelerated their learning journey towards Ordinal numbers. They designated ice cream 🍦 scoops to their respective places from (1st-5th).

This activity helped kids to determine the exact position of something.

# FUN WITH EXPERIMENT

Emboldening the learning curve towards the cognitive development of kindergarteners, 'Experiment with Water' activities were conducted in the learning programme .

The diligent minds were guided by their mentors to mix different colours in water and thereby came to the conclusion that water is colourless. Furthermore, they observed that water is odourless and has no shape of its own .

The activities not only boosted their inquisitive spirit but also lent a sharp edge to their scientific temperament.

Happy Experimenting!!!

Oh  
What  
Fun!

water is  
colourless  
tasteless  
and odourless

WATER IS ODOURLESS

# WELCOME SPRING

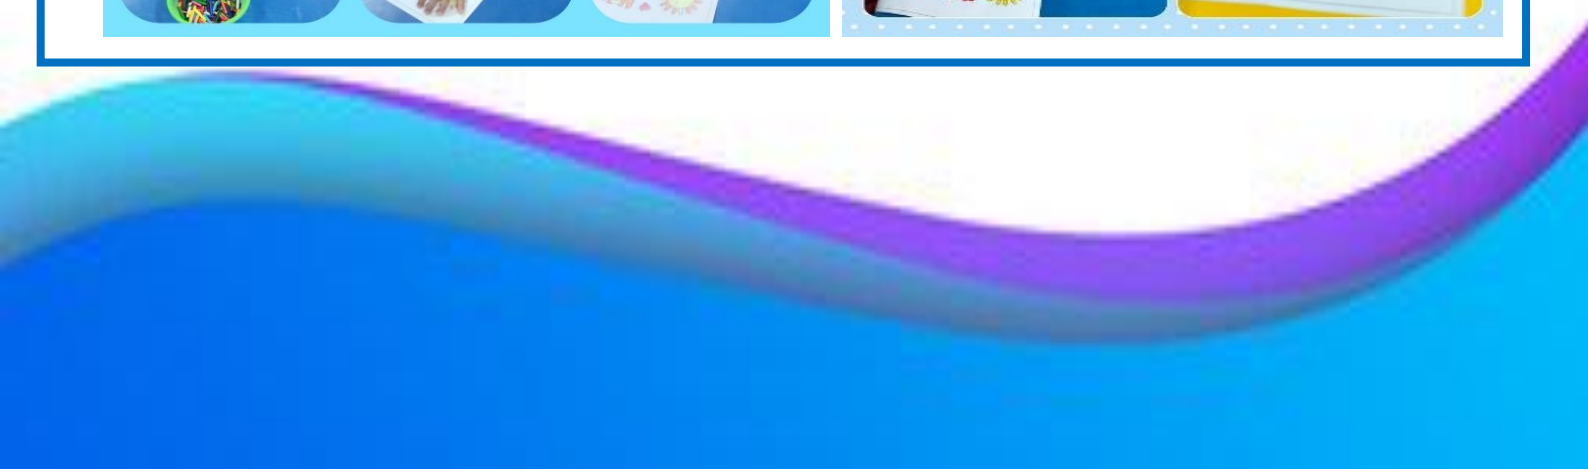

Spring season is the season of new birth, rejuvenation and new beginnings. During this season, trees and plants bloom with flowers and green leaves. Additionally, the Spring Season unveils the fun and excitement of various festivals.

As nature sheds the cloak of slumber and garbs itself in the rejuvenating shades of green, the dynamic minds of the kindergarten delved into the world of creative arts to express their thoughts and ideas in an articulate manner.

The budding artists had oodles of fun as they coloured the picture of spring season with unparalleled enthusiasm.

# FLIP, TWIST AND SOAR

Gymnastics enhances physical development and helps to develop various skills like strength, flexibility, and coordination.

These various skills are rolled into one gigantic ball of a healthy lifestyle.

It builds flexibility on the physical level and contributes to mental toughness. Our Nursery Gymnasts enjoyed various ball skills including throwing, catching, rolling, and kicking.

These skills cultivate hand-eye coordination and also help to enhance gross motor skills.

PIC-COLLAGE

PIC-COLLAGE

PIC-COLLAGE

# HOLI CELEBRATIONS

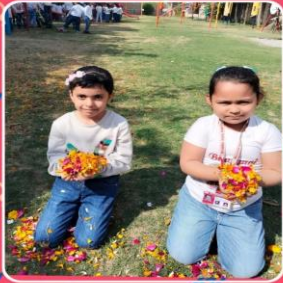

Holi also known as the Festival of Colours is one of the most popular and significant festivals in India. It also signifies the victory of good over evil as it commemorates the victory of God Vishnu as Narasimha Narayana over Hiranya Kashyap and is celebrated as a day of spreading happiness and love.

The festival of Holi was celebrated with great fervour by the students of the pre-primary wing. The kindergarteners were introduced to the significance of the festival and the story of Prahalad and Holika behind the celebration. The little hearts enjoyed playing Holi with flower petals in the school premises and were guided to play safe Holi by using natural colours instead of chemical colours.

Furthermore, they also reflected upon wastage of water during Holi celebration and pledged to play dry Holi instead. From shaking their legs to popular dance tracks to relishing sweets with their peers, the kids ushered the festive spirit with unwavering enthusiasm.

Wishing everyone a Happy Holi!!

# ORIGAMI

MVN believes in developing passion for learning and learning with fun adds best educational experience to the students.

Origami is a perfect way of 'schematic learning through repeatable actions.' where students observe closely and listen carefully to transform a flat piece of paper into three-dimensional figure through hands on activities.

The creative learners enjoyed fun with origami session and made a beautiful Tulip flower by folding origami sheet. As children folded origami sheet, they used their hands to follow a set of steps in sequence and created their masterpieces.

Children learnt the concept of symmetry and to manipulate basic geometric shapes such as squares, rectangles and triangles. It helped children to understand the importance of cooperative learning and developed patience, concentration power and confidence.

PIC•COLLAGE

PIC•COLLAGE

PIC•COLLAGE

## BEWARE & BE AWARE

As a proactive step towards educating our young students of Pre-primary and Primary Wing (classes I-III) about the safety concerns in school and beyond, an awareness session was organized by the school counsellor, Ms. Archana Bapat.

The session was aptly titled as “Beware & Be Aware”. It was an interactive session with audio-visual inputs to help young students understand the need and the way to protect self while interacting with anyone around. In a very simple yet effective way, students were provided with many tools to react in any unwanted situation. Lots of reinforcement was provided for all students to grasp it properly. Teachers were suggested to reinforce it every week in the classes. It was a very satisfying experience to orient young students about this crucial issue.

# ALL THE BEST !

" Events in life are plenty, but memory and effect cast by some last a lifetime."

Last day of school for Nursery session 2022-23

Some entertainment, some enjoyment, and loads of fun. The day was full of mixed emotions. It was great to see how they came along to create a moment, we laughed, giggled, and danced to strengthen the bond which of course is going to live with us for ages to come. The things you have learned so far will always guide you towards a bright tomorrow. Look how far you have come! Let the next adventure begin.

All the best to all the nursery kids for future endeavours!!!

**ANNUAL  
FUNCTION**

# Sanskhar

- Their synergy can change the world

मातृ देवो भव ! पितृ देवो भव ! आचार्य देवो भव !  
**Salutation unto Mother and Father, our progenitors for bringing to us the gift of life ;  
Salutation unto our Guru, our preceptors for bringing to us the gift of Knowledge”**

Modern Vidya Niketan , Sector-17 hosted cultural extravaganza as MVN Pre-Primary Wing celebrated ANNUAL DAY-2023, “SANSKAR- Their Synergy can change the World”

The grand evening commenced with parents visiting ‘GURUKUL’, a Tableau showcasing Evolution of Education from Vedic times to present day, imbibing the best of both Worlds.

The formal ceremony saw an auspicious beginning with the lighting of the Ceremonial Lamp by Director MVN Schools Mr. J.P Gaur and Ms. Agalya Venkatesh, Principal, MVN 17 accompanied by Ms. Neeta Arora, Principal, MVN Aravali Hills, Ms. Vibha Mendiratta, Principal, MVN 88 and Ms. Mona Dua, Vice Principal, MVN Aravali Hills.

‘Little Bundles of Joy’ presented a foot tapping dance number to welcome the distinguished gathering. Annual Report encapsulating all the achievements of the school across a diverse spectrum in the session 2022-23 was presented followed by an inspiring welcome by Ms. Agalya Venkatesh that envisioned how MVN is leaving no stone unturned in chiselling holistic beings.

The highlight of the evening was the ‘Dance Drama’ bringing to life the eternal and endearing saga of Wisdom, Love, Loyalty, Respect and Gratitude as personified in the iconic characters in the Indian Tradition- ‘Shravan Kumar, Aruni, Eklavya and Ganesha. The mesmerising rendition of ‘Hanuman Chalisa, Shiv Tandav and Shloka Recitation’ received a standing ovation.

The exemplary participation of ‘Little Wonders’ and a heartfelt appreciation shared by esteemed parents complemented the profound evening. The ceremony came to a formal close with the Vote of Thanks by Ms Vandana Laul, Co-ordinator, Pre-Primary Wing extending her gratitude to the entire fraternity of MVNites for their Herculean efforts in bringing the message home that true Wisdom and fulfillment of existence lies in being devoted to one’s parents and teachers and respecting one’s elders.

# KINDERGARTEN GRADUATION DAY

## CLASS OF 2023

Kindergarten Graduation is an exciting milestone for Pre- Primary as it's their first step towards a future full of aspirations and possibilities. It marks a new beginning that adds new dimensions to their school life and the journey they begin towards knowledge and education.

The tiny tots of Kindergarten were elated with pride in their Graduation robes and caps. It was indeed a joyous and memorable day for the little ones as they received their Graduation Sashes and Scrolls from their mentors.

Best of luck on your new beginnings! We're so proud of you and honoured to celebrate Graduation Day with you! 🎓 🎓

**PARENTS' ORIENTATION DAY**

**PRE-PRIMARY**

**DATE: 22<sup>nd</sup> MARCH 2023**

# PARENTS' ORIENTATION DAY 2023

"The foundation for a good parent teacher relationship is frequent and open communication, mutual respect and a clear understanding of what is best for each individual child."

Keeping this in mind, The Pre- Primary Wing of MVN School, Sector -17 organised the Orientation Programme 2023-24 for the Nursery parents with a goal to ensure a positive atmosphere for learning as well as building up the healthy relationship between the parents, teachers and students.

The programme began with the lighting of lamp, seeking blessings from the almighty followed by foot tapping Welcome Dance by Little MVNites.

The Principal, MVN School, Sector-17 Ms.Agalya Venkatesh enlightened the parents by her inspirational speech and emphasized the strong connection between the school and the parents.

The parents were mesmerized with a beautiful dance performance by Little Hanumans. They were also enthralled by watching Linguistic Skit highlighting LSRW & Creative Skills , Taekwondo,

Shlokas and Skit on respect for Parents presented by our little munchkins.

The School Counsellor Ms. Archana Bapat shared some important tips on how to nurture a child with love and care to build a strong foundation. She also emphasized on the health and hygiene of children for their physical development.

The campus of MVN School Sector-17 looked resplendent as the young children played various skill-based games on Gross Motor Skills, Fine Motor Skills, Social Skills and Critical Thinking Skills. Their joy knew no bounds while exploring the games.

The Orientation Day culminated with the Vote of Thanks given by Pre-primary Co-ordinator Ms. Vandana Laul followed by MVN Anthem.

The Orientation Day proved to be a sincere effort made by the school with an aim of growing our children into happy, creative, skilful and global citizens.

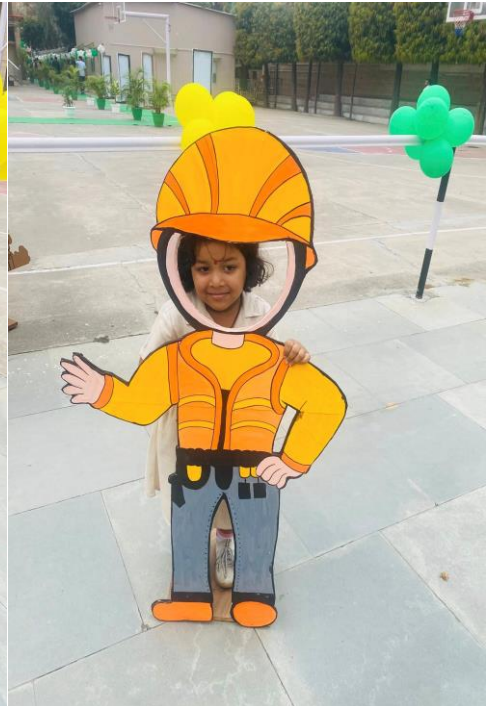

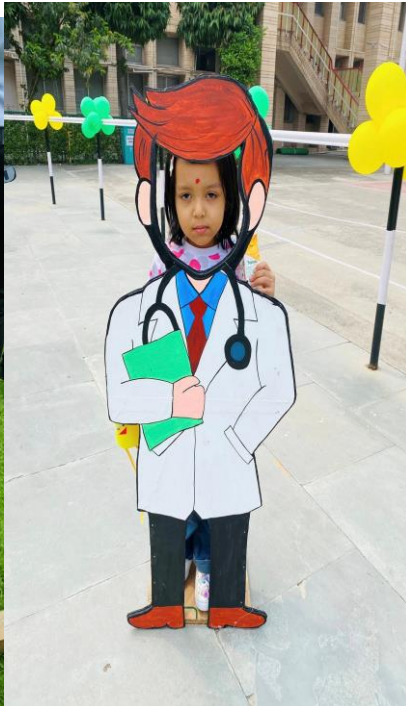

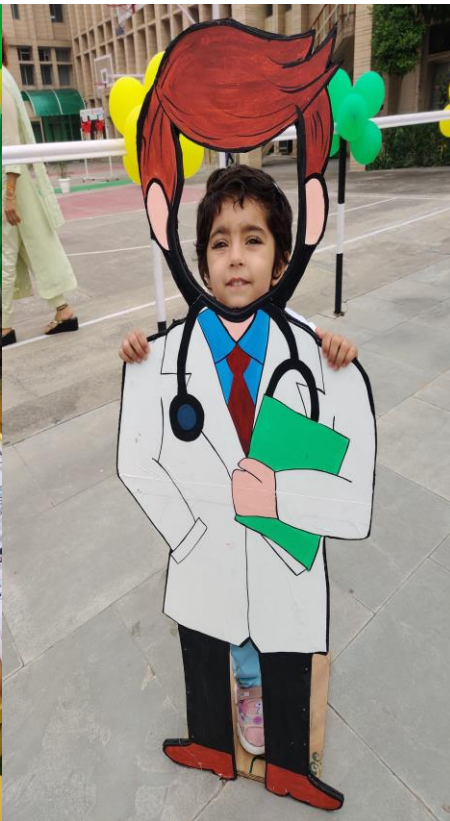

**EVENTS**

## FOUNDERS DAY

A day of celebration, a day of inspiration, and a day of pride!

MVN School, Faridabad, proudly celebrates Founder's Day to commemorate the Birth Anniversary of our beloved Founder Principal Sri Gopal Sharma Sir, an eminent educationist, and philanthropist. His life is a shining example of how we can overcome all odds to achieve our dreams and become an inspiration for all around us. Let us pay our tribute to his hard work, determination, and spirit of excellence. Following his path and with his blessings, let us look forward to a brighter future and the endless possibilities that lie ahead.

Dedicating ourselves to upholding the legacy of our beloved  
Shri Gopal Sharma Sir

23<sup>rd</sup> February

*Happy Founder's Day*

# HAWAN CEREMONY

ॐ सर्वेशां स्वस्तिर्भवतु ।

सर्वेशां शान्तिर्भवतु ।

सर्वेशां पुर्णंभवतु ।

सर्वेशां मङ्गलंभवतु ।

ॐ शान्तिः शान्तिः शान्तिः

A 'HAWAN ' was organized in the school premises to invoke the blessings of the Almighty as MVNites from Classes X and XII get ready to appear in their respective Board Examinations in February - March 2023 . The cool spring morning reverberated with sacred chants of Gayatri Mantra filling every being, students and faculty alike, with pious devotion. Prasad was distributed to all. Principal, Ms Agalya Venkatesh, exhorted all the students to be sincere , honest , diligent and wished them all the very best for the impending examinations and life ahead .

# ASTRONOMY OLYMPIAD 2023

"Trailblazers are not born out of sheer luck but countless hours of toil and perseverance"

Yet another exemplary achievement by **NAMAN GOYAL** of Class XII MVN SCHOOL, SECTOR 17. He does his alma mater proud by getting selected for Astronomy Olympiad - 2023 Orientation Cum Selection Camp (OCSC) Stage-III. He joins the elite group of Top 35 students who have made it to the OCSC from all across the country.

Congratulations to Naman on this phenomenal feat and wishes for spectacular success and glory in the days to come.

# UNIFIED INTERNATIONAL MATHEMATICS OLYMPIAD

“The harder you work for something, the greater you will feel when you achieve it and there is no magic to achievement, it is really about hard work and choices.”

Kudos to our Wiz Master Harshit Singh of Class VII has secured All India Rank 1 in UIMO, Unified International Mathematics Olympiad 2023. His exemplary performance, achieved with his hard work and dedication, is commendable. MVN is proud of his efforts and achievement and wishes him all the best for all his future endeavors.
