*Education is not learning of the facts,
But the training of the mind to think.*

By Albert Einstein

FROM CO-ORDINATOR'S DESK

Dear Parent
Greetings

Welcome to our second edition of Kindergarten Newsletter, 2022-23

School is not only to pursue academic excellence but also to motivate critical thinking among their students and to make them proactive members of society. We at MVN, always try to provide our students an atmosphere for multifaceted development, where pupil are encouraged to multiply their potential in the era of excellence. This is only possible in a student-centric environment. The talents, skills, knowledge and abilities of each student needs to be identified, nurtured, and encouraged so that he/she is able to leave a mark in the society. Students need to be provided with a platform to think, express, and exhibit their skills. A good educational system is one that helps a child to nurture his/her talents and overcome their shortcomings by providing them appropriate education. This enables the children to develop their personality and equips them to face the challenges of life. In our curriculum, the student is the primary focus, and each child is involved in the learning process. We motivate our teachers to provide an atmosphere for discovery, where students are encouraged to be creative and curious thinkers. We are thus constantly improving our teaching methods so that it turns learning into a combination of classroom study, research, and scientific discovery.

We constantly endeavor to always live up to this ideology and inculcate this into everything we do.

Ms. Vandana LauI

FROM COUNSELLOR'S DESK

Dear Parent

Greetings! Through the ups and downs of everyday parenting, parents sometimes struggle with sudden rise in some undesirable behaviors in children. These may include telling lies, arguing, low confidence, jealousy and even aggression. Sometimes no obvious reason could be identified for these.

For such situations, pattern of communication between parent and child holds the key. A parent's love is boundless for the child but unfortunately many a times, this love is not expressed enough with right words in the right way. This leads to many behavior problems in children.

Following are some suggestions for parents which may be included in their day-to-day communication with children.

1. I made a mistake....sorry. As parents, we are not perfect and we can make mistakes. Accepting a genuine mistake then and there in front of the child sets a good example for the child to follow. It also teaches him/her that there is no shame in accepting one's mistake. Please don't forget to share your learning from that mistake as well.
2. I don't know this....let us figure this out together. As parents, you don't automatically know everything. Displaying your learning attitude is a great lesson for the child.
3. Can we talk about what happened? I want to know your side of the story. I really want to understand why you did what you did. Your feelings are valid and it is safe to express them with me. If you speak this to your child, your child will never feel frustrated, unheard or angry. Validating feelings is very important because after validation only, you can move the child to correction.
4. I respect you and expect you to be respectful to me. Let us treat them with respect so they learn self respect and respecting others.
5. I can see you are really trying and I am proud of you for that. This will teach them the value of effort and build on their motivation.
6. It is ok if you have a different opinion than mine. We need not to agree on everything. I like your honesty. Please help children develop their own opinions and give them opportunity to voice their opinions. This will build assertiveness and confidence in their personalities.

- 
7. I forgive you for this mistake and I want to trust you again. Children will never lie if they have this trust verbalized from a parent. Reminding and judging them over past mistakes will restrict them from trying again.
 8. Let us pause this conversation. I need a break; we will talk about it in some time. This is a good way to teach them controlling impulsiveness, developing patience and calmness.
 9. I will always be with you and love you no matter what. I believe in you. Children are growing learning small human beings. They deserve to hear this reassurance more often.
 10. I am so grateful you are my child. I like spending time with you. No amount of love and compassion will make your child incapable or weak. It is rather opposite. Love and compassion communicated rightly will help your child feel safe, important and confident.

Let us help our children spread wings.

Best wishes,
Archana Bapat

**PLETHORA
OF
ACTIVITIES**

WELCOME BACK TO SCHOOL

School bells are ringing loud and clear;

Vacation over, school is here

Welcome back to School

The MVN Kindergarten beamed again with the warm presence of the little MVNites. The school campus became lively and cheerful as happy children walked into the school corridor with great enthusiasm and energy after the summer break.

The teachers welcomed the fledglings with smiling faces and wide open arms. The Nurserites expressed their delight by way of a great fun activity wherein they made beautiful butterfly pencil tops thereby enhancing their creativity. It was a pleasure to watch the little hands at work after so long. They had a "ME-TIME" - in which they shared with their friends about how they spent their summer holidays. The day ended with countless learning experiences.

WALNUT PRINTING ON WATER LILY FLOWER

MVN Kindergarten believes in imparting a variety of skills to its children through creative activities. Painting in early education is an innovative way which allows young learners to express themselves through art and when it is combined with phonics it becomes more meaningful and practical learning for them. So, this time the little artists of Nursery were ready with their paint - brushes and colour palettes for "Walnut Printing on Water-Lily Flower". They learnt and reinforced various new words that begin with the phonic sound "w" like walnut, water, water colour, water lily, watch and wall. The constant reinforcement of the sounds proved very beneficial. They happily flaunted interesting patterns and their master creations and also learnt the health benefits of eating walnuts. They surprised everyone with their beautiful art pieces.

NATURE WALK

Plants are nature's gift as they are beneficial to us in many ways.

Plants play a significant role in our life. Without them, there would be no life existing on the planet Earth. They need our unconditional care and protection.

To encourage and make them aware of the importance of plants, Little Kindergarteners were taken for a Nature walk. It was a great opportunity to teach them about herbs, shrubs and trees .

The Nature walk made them understand that plants give shelter to many birds, animals and insects. The kids were really excited to see the butterflies fluttering over the flowers. They also learnt about different parts of plants and the things a plant needs to grow. They performed a colouring activity related to the same and drew their observations. They enjoyed the activity thoroughly and pledged to save the plants.

FUN WITH PENTAGON

MVN believes in holistic development of every student. Number recognition through an activity, plays an important role for the development of early learning. Through activity kids learn multiple things, which accelerate them to focus not only in academics, but also generate interest to learn new things. Nursery kids constructed a pentagon by arranging numbers from (1-5). Through this they learnt about its 5 sides, corners and surfaces. This activity helped kids in recognising numbers and their sequence easily.

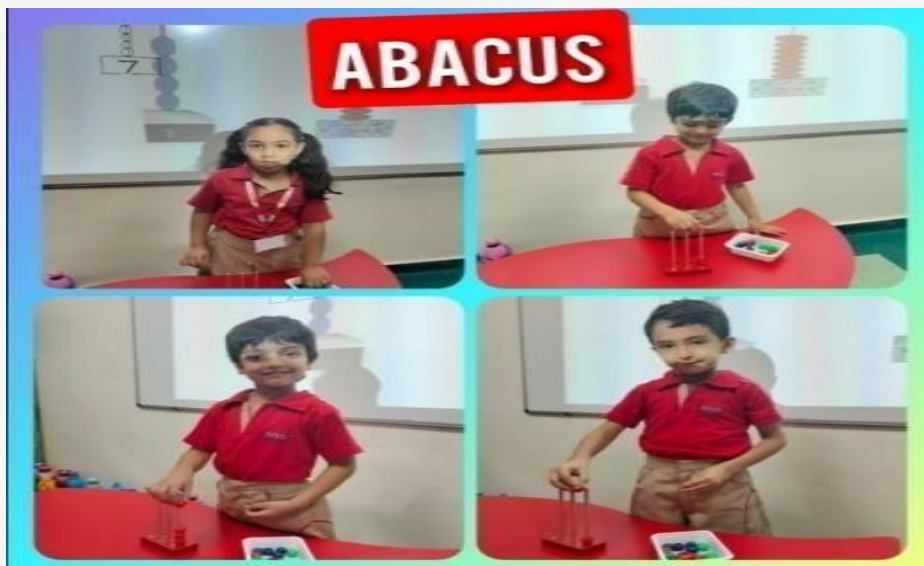

Pentagon has
5-corners
5-sides
5-surfaces

PIC•COLLA 09:30

FUN WITH MATHS

Strengthening the learning curve of the young minds, the students of the Kindergarten were introduced to "Abacus" to develop their number aptitude, concentration, self- confidence, analytical skills and creative visualization. Children enjoyed it as they moved the abacus beads back and forth to count and recognize colours. This helped them to fine tune their hand-eye co-ordination and fine motor skills. Happy Learning.

FUN WITH CURSOR

New ways of learning always fascinate young learners to explore things around them. Letter identification activities enable kids to grasp and understand how things are associated with the phonics. To explore vocabulary of the new letter C, Nursery students visited the laptop lab and got awareness of c-computer and c- cursor. Drawing of c-curved lines and typing of letter c have spruced up their learning. They watched story of c-caterpillar. It was indeed a fruitful learning experience and the kids were excited and happy. This easy and unique way of learning developed students' vocabulary, and helped them to remember things strongly.

FUN WITH CLAY DOUGH

Activity based Learning of phonemes and letter recognition works as a great impetus for amplifying children's interest in learning. Phonic awareness however infinitesimal is the foremost bit in learning the sounds of letters, that helps in building strong foundations.

In order to expand the vocabulary of letter d, the Nursery Maestros indulged themselves in making "d-duck" with play dough, and also cherished reciting the rhyme "Five Little Ducks".

The activity was immensely enjoyed by all.

FUN WITH PHONICS

MVN Kindergarten believes that Reading develops the propensity for envisioning. Phonics provide a head start for reading English letters with their sounds to our young learners. The Young readers of Nursery were introduced to the letter-sound relationship of letter "a" by integrating it with healthy eating habits. The little munchkins started their day with a healthy fruit break of a-apples, a-almonds and a- apricots. They did the reinforcement of the sound "a" and were also told the benefits of eating healthy food through various videos. It was an enlightening experience for the students. The kid's Healthy Eating Plate is a visual guide to help educate and encourage kids to eat well. This fun-filled activity was enjoyed by all.

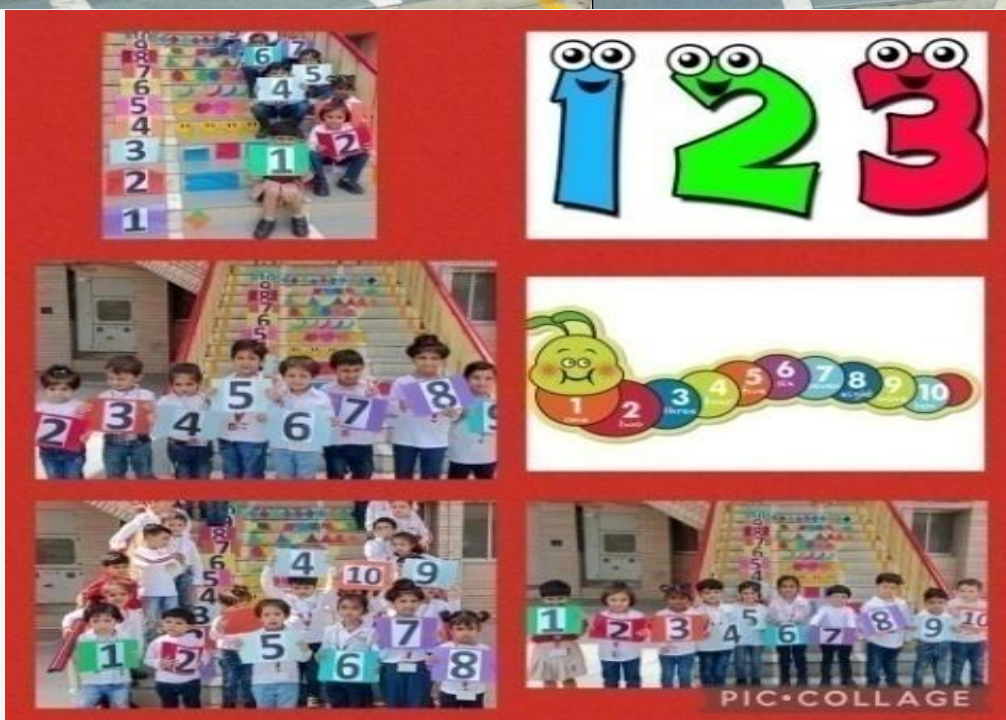

Eat Healthy! Stay Healthy!

FUN WITH NUMBERS

Sequencing is an important readiness skill, which provides a strong foundation of number sense to young learners. The little mathematicians of Nursery class enjoyed the "Sequence Exploration" activity and they confidently read, counted and sequenced the numbers from 1 to 10. This activity helped them to recognise numbers thoroughly and made the number sequencing concept more understandable and predictable for them.

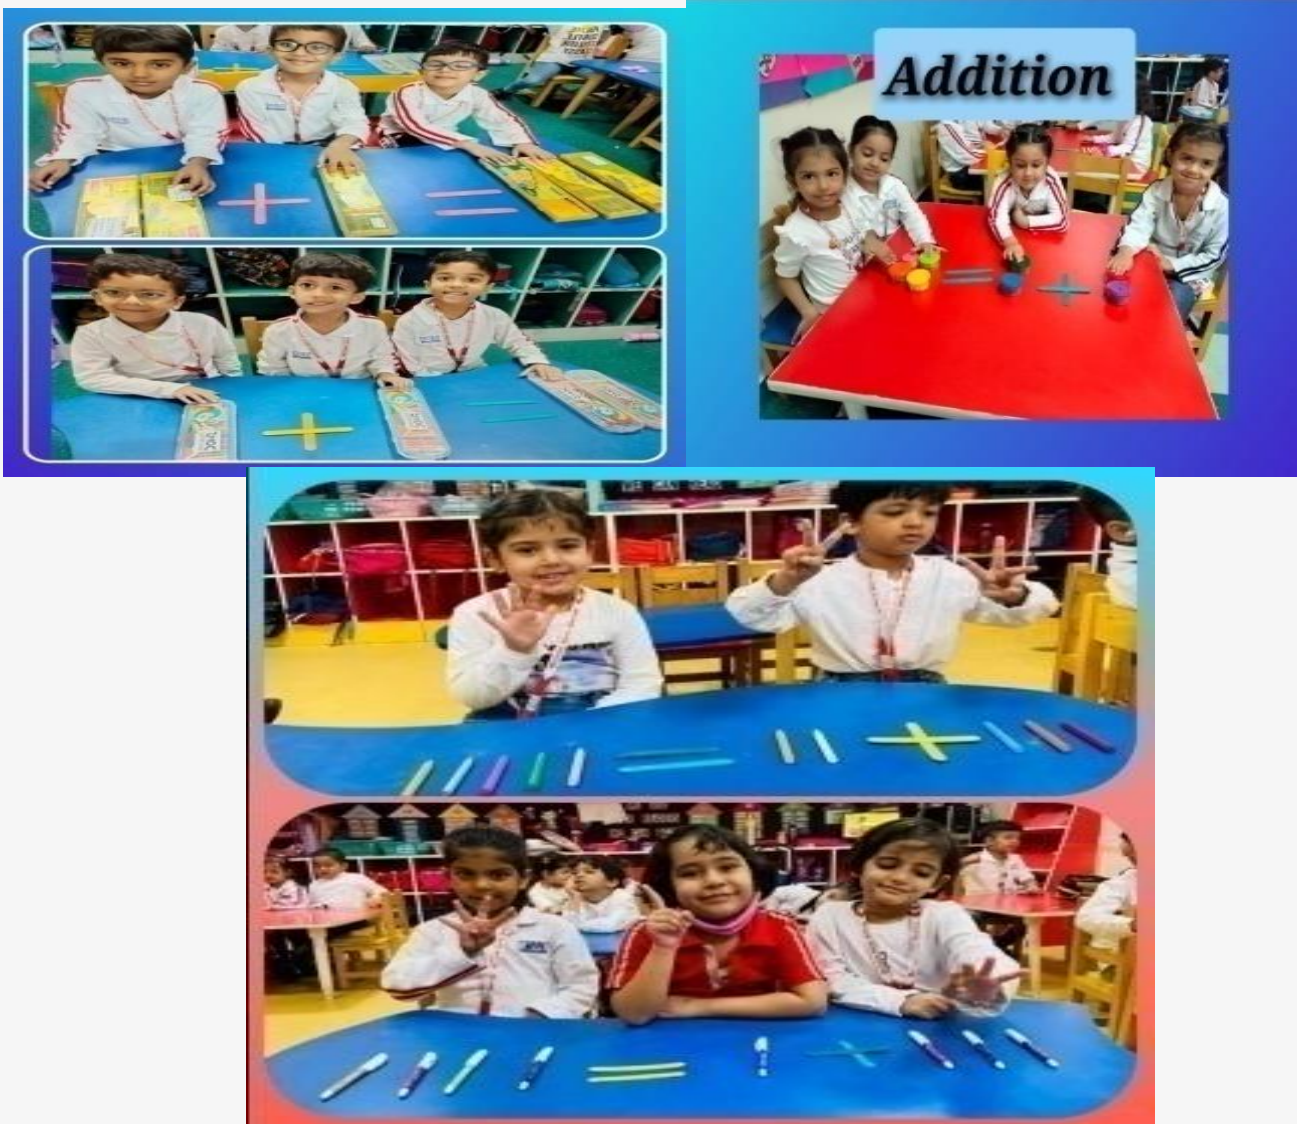

'Sequence Exploration' developed Number sense, comparing, sorting, arranging, logical ordering and provided kids with an unending numerical fluency.

AN "ADDITION" TO THE LEARNING VCURVE

The dynamic learners of Kindergarten were introduced to the concept of addition under the guidance of their mentors. Addition not only helps children gain confidence and create a life long interest in maths but also helps students excel at more challenging maths aspects.

To begin with the concept, Pictorial addition was introduced to the students using concrete materials available in the class. Then, children made "plus" + sign by joining two different ice cream sticks and "equal to" = sign by keeping two ice cream sticks together. The joyous hearts enjoyed learning adding the two numbers together. They were also introduced to the key vocabulary words like sum, both, total, plus, equal to, more and it was a great learning experience for all.

LEARNING IS FUN & FUN IN LEARNING

Environmental Studies (EVS) at the primary stage envisages exposing children to the real situations in their surroundings to help them connect, be aware of, appreciate and be sensitized towards the prevailing environmental issues. EVS not only helps children to get acquainted with their own environment but it also strengthens their bond with it.

Creating learning situations in the context of children is very crucial to learning EVS. Efforts need to be made to avoid giving direct information, instead create situations for children to construct their own knowledge by interacting first hand with their surroundings.

The students of MVN Kindergarten learnt about materials i.e Wood, Glass, Metal and Plastic. They looked for these materials in the classroom and pasted them in the worksheet. Children thoroughly enjoyed the activity and learnt different properties of materials through experiential learning.

EXCLUSION TO INCLUSION!!

Exclusion to inclusion leads to an accessible learning environment, encouraging participation and support. Inclusive Education values diversity and the unique contribution each student brings to the classroom. In a truly inclusive setting, every child feels safe and has a sense of belongingness. Inclusive systems provide a better-quality education for all children and are instrumental in changing discriminatory attitudes. Respect and understanding grow when the students of diverse abilities and backgrounds play, socialize and learn together.

At MVN, we follow the policy of Inclusion. To instill the art of inclusiveness and imbibe the feeling of appreciation and acceptance among them, 'Musical Chair' was played with kids but in a unique way. We brought nine chairs for ten children with the rule that they must make sure that no one remains without a chair else they will all lose. All the children tried to hug each other so that ten children could sit on nine chairs and then we reduced the number of chairs successively.

With this activity of exclusion to inclusion, children learnt the culture that they cannot succeed without the help of others.

SPEAK
ON
SESSIONS

MY-FATHER-MY HERO, GOOD HYGIENE & HEALTHY EATING HABITS

“Communication is one of the most important skills you require for a successful life.”

Speak-on sessions help children in critical thinking.

Excellent communication skills go a long way in boosting self-confidence and ensuring great success in the life of children. They become more confident and turn into fluent speakers’ right from the starting of their learning years. They lose their inhibitions and set new benchmarks when they are trained from a very young age.

To enhance the speaking skills, a Speak- On session was organized for the Kindergarteners. The ardent speakers came forth and spoke very well on ‘My Father-My Hero, Good Hygiene and Healthy Eating Habits’ along with beautiful handmade props.

With utmost confidence, the diligent students went on to speak their minds and shared their views with the class. The session was thoroughly enjoyed by one and all and won applauses.

MY FAVOURITE ANIMAL

Speak on session was conducted for the students of Nursery as we, at MVN believe that kids who speak confidently perform better in class. Through public speaking, children learn various skills like presentation skills, communication skills, critical thinking skills, listening skills, etc. that enable them to present ideas with much clarity and conviction.

Moreover, it provides a platform to learn to perceive people, their behaviour and their reaction. Our Nursery orators explored different categories of animals and gathered information about their favourite animal and spoke enthusiastically.

This activity proved to be beneficial for the kids as they learnt to communicate with others and express their thoughts and feelings confidently.

COMMUNITY HELPERS

"There is nothing beautiful than someone who goes out of their way to make life beautiful for others."

- Mandy Hale

Awareness among the students about the community helpers and the kind of roles they play in our daily lives is highly important. They remind us of how interconnected we all are when we live in a community. A magnificent "Speak-On Session" was put up by MVN Kindergarteners wherein they dressed up as their favourite community helpers and spoke a few lines on the same. Kids articulated the roles and responsibilities of various helpers. The session helped them in building confidence and respect for the people who make our lives easy with their vast services. Kids participated with great enthusiasm and enjoyed the activity thoroughly..

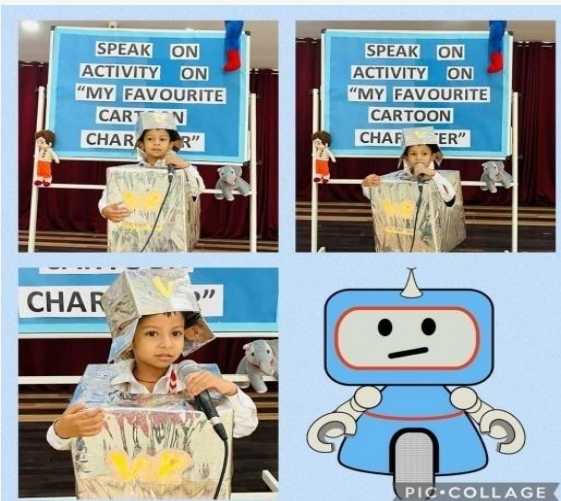

MY FAVOURITE CARTOON CHARACTER

Public speaking from an early age forms the platform on which kids can significantly build confidence, improve presence of mind and overall personality. It also helps kids to present their ideas in a coherent and organized manner.

Speak on session on 'My Favourite Cartoon Character' was organised for Nursery kids. The little ones were asked to dress up as their favourite cartoon character and enact the same. Children were dressed as Chhota Bheems, Elsa, Minnie and Mickey Mouse, Spider man and the favourite Peppa pig to name a few. The children thoroughly enjoyed themselves as they imitated their favourite character.

Participating in such kinds of activities introduces children to the stage which helps them to develop not only confidence but also verbal- linguistic skills.

CELEBRATIONS

&

ASSEMBLIES

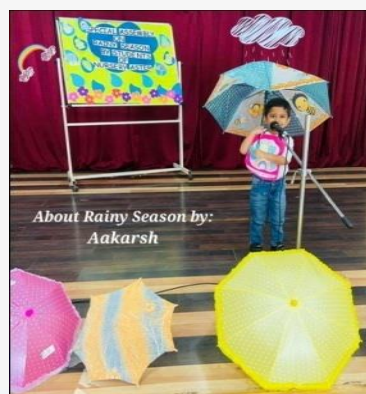

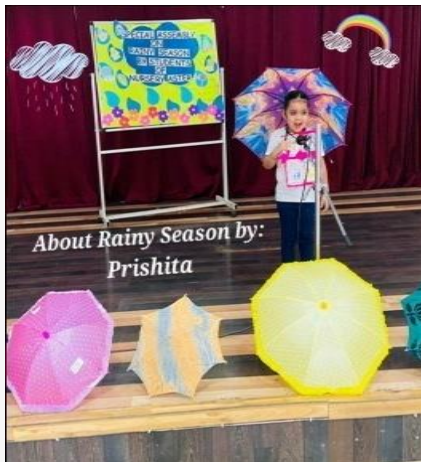

GOOD HABITS

Good habits in childhood are a great foundation for good health in the teenage years. Venturing into learning with unparalleled zest, the young scholars of KG Bluebells presented a special assembly on Good Habits. Students shared their thoughts to cultivate good habits like taking bath everyday, wearing clean clothes, brushing their teeth, eating healthy food, helping and sharing with others and the various ordours common to this specific age. The camaraderie of joyous hearts singing and dancing on good habits song was a sight to behold. The assembly ended with the emphasis that good habits are essential for a good life.

" RAINY SEASON "

"The first drops of rain always bring a smile on our faces. Rain is a beautiful gift of God to mankind. It revives our souls and fills the surroundings with the beauty of fresh greenery. To acknowledge this beautiful gift; students of class Nursery Aster conducted a scintillating assembly on 'The Rainy Season' and welcomed the *Monsoon* with the essence of enthusiasm and yearning. The assembly commenced with the Morning Prayer followed by the vital information about the season given by the children. The assembly also included the roller coaster of rhymes and a beautiful dance by kids on a peppy rain song. The class assembly endowed our prodigious kids with a tremendous opportunity wherein they displayed their competencies. It helped them to boost their self-confidence and hone their overall personality. They mesmerized their peers and teachers equally with their eclectic performances comprehensively demonstrating various aspects of this beautiful time of the year

"NATION FIRST, ALWAYS FIRST"

As the spirit of brotherhood and camaraderie swept over the nation on 15th August, the ebullient learners of Nursery Bluebells presented their class special assembly to celebrate sovereignty on completion of 75 glorious years of Independence with the theme "Nation First, Always First". The day represents the true spirit of freedom, courage and sacrifices made by countless men and women in the past. The students looked back at the hardships of our freedom fighters and their values to take the nation ahead on a path of glorious progress and development.

Little MVNITES highlighted great freedom fighters who sacrificed their lives to set India free from the Britishers.

The assembly cast a spell with the rendering of patriotic songs by tiny tots. The air filled with the sound of sweet music as they sang in harmony, songs like 'Nanha munha rahi hun' and 'Har karam apna'.

Keeping in mind the patriotic mood of the occasion, the little ones wore tri-coloured clothes. Their dance performance on a medley of patriotic songs was captivating too. The special assembly culminated with the singing of the National Anthem. Furthermore, the diligent minds of Kindergarten learnt about National Symbols and enthusiastically participated in the Quiz conducted in the class.

It is a day that holds a lot of importance and pride for all the Indians.

“GANPATI BAPPA MORIYA!”

Ganesh Chaturthi is observed to offer invocation to Lord Ganesha- the God of intellect and wisdom, patron of the arts and the sciences and the remover of obstacles.

MVN Kindergarteners celebrated Ganesh Chaturthi with much fun and fanfare. On this auspicious day, the children were dressed in traditional attire which made for the mood on the occasion.

The beautifully bedecked Ganesha was carried in a procession by excited pre primers amidst cheers of “Ganpati Bappa Moriya!”. The resplendent parade of ‘devotees’ carrying aloft their Ganesha drew admiring looks as it made its way through the School corridors to the assembly area.

The assembly commenced with a welcome address and a brief introduction about the festival. The pre primary choir then presented a soulful rendition of the Morning Prayer “Om Gan-Ganpati Namoh Namah”.

Little munchkins enlightened everyone with the importance of Ganesh Chaturthi and significance of all the body parts of Lord Ganesha followed by dance performance to the popular song “Oh my friend Ganesha”. The assembly summed up with Ganesha Aarti.

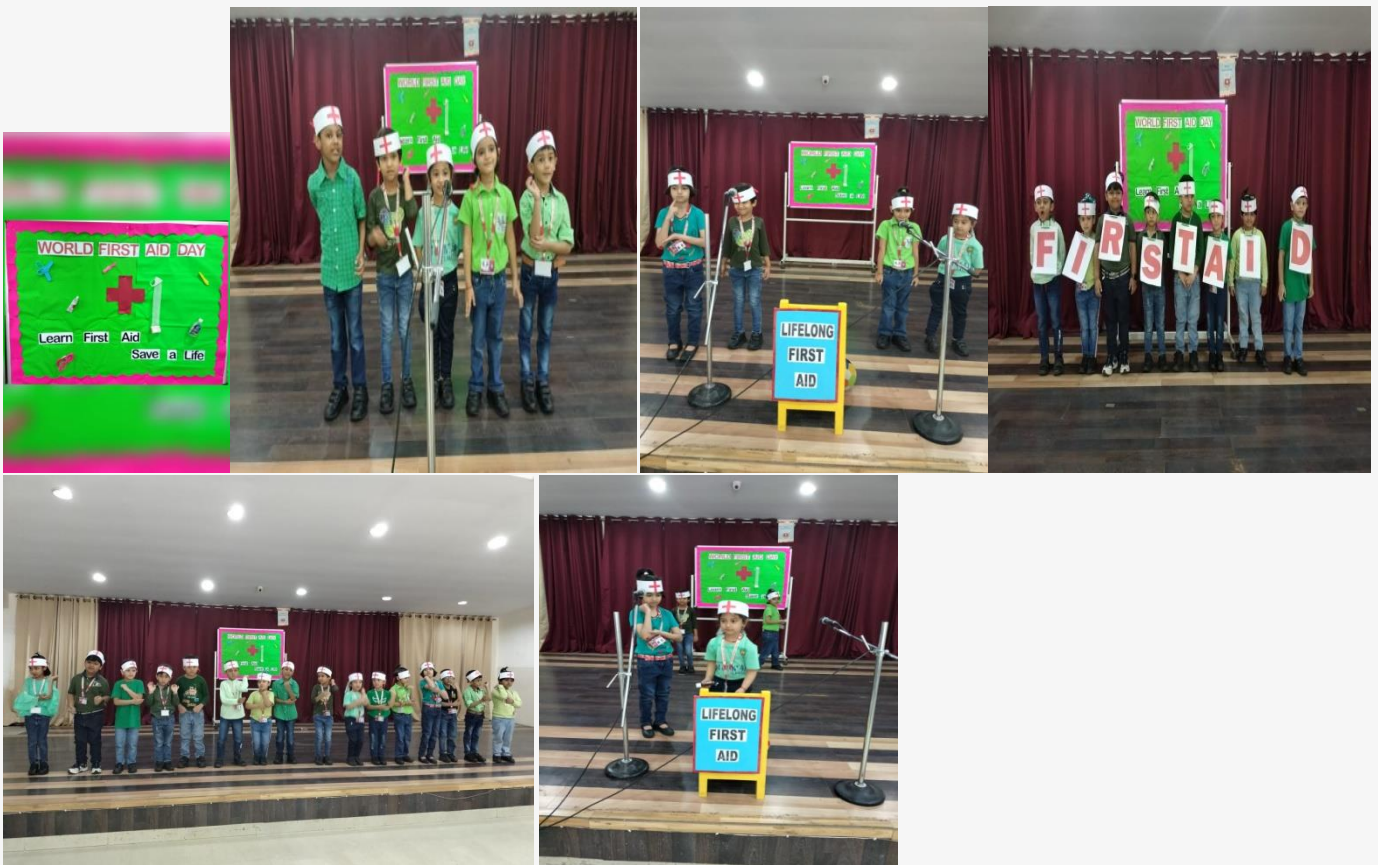

It was a joyous morning for students and teachers alike as they came together.

WORLD FIRST AID DAY

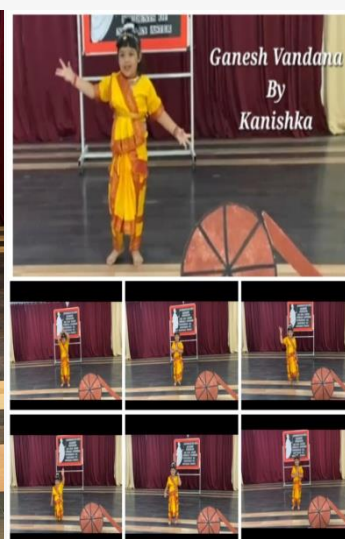

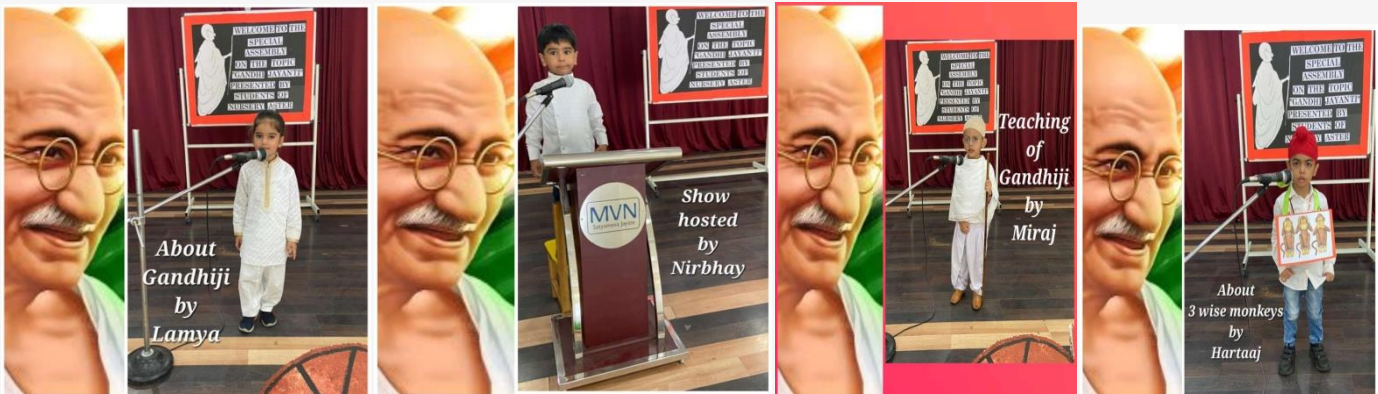

On the second Saturday of every September, World First Aid Day is celebrated to promote awareness about how First Aid can save millions of lives globally. Since 2000, World First Aid Day has been organized by the Red Cross and Red Crescent Societies.

Keeping this view in mind, a special assembly was presented by the students of the Kindergarten wherein they shared their views about the need and importance of First Aid. They also performed a skit which aimed at raising awareness about the accessibility to First Aid Kit and how it can be used in case of any emergency that can happen anytime, anywhere. Furthermore, the dance performance on safety song garnered a great applause from the enthusiastic spectators of the kindergarten. Overall, it was a wonderful learning experience for the Kindergarteners.

GANDHI JAYANTI

Gandhi Jayanti is celebrated by the entire nation to commemorate the birth anniversary of Mahatma Gandhi. The students of Nursery Aster conducted a special assembly to pay tribute and homage to this great leader on his birthday. They showcased anecdotes from Gandhiji's life and gave a deep insight into the teachings of Mahatma Gandhi. The assembly started by stating the information about Gandhiji and his preachings. The highlight of the assembly was a poem and song which glorified Gandhiji. It concluded with a rendition of Babu's favourite devotional song 'Raghupati Raghav Rajaram' and a beautiful dance performance. The children of MVN Kindergarten enjoyed this wonderful learning experience which gave a deep insight into the life and times of Mahatma Gandhi

50 DAYS OF SCHOOL

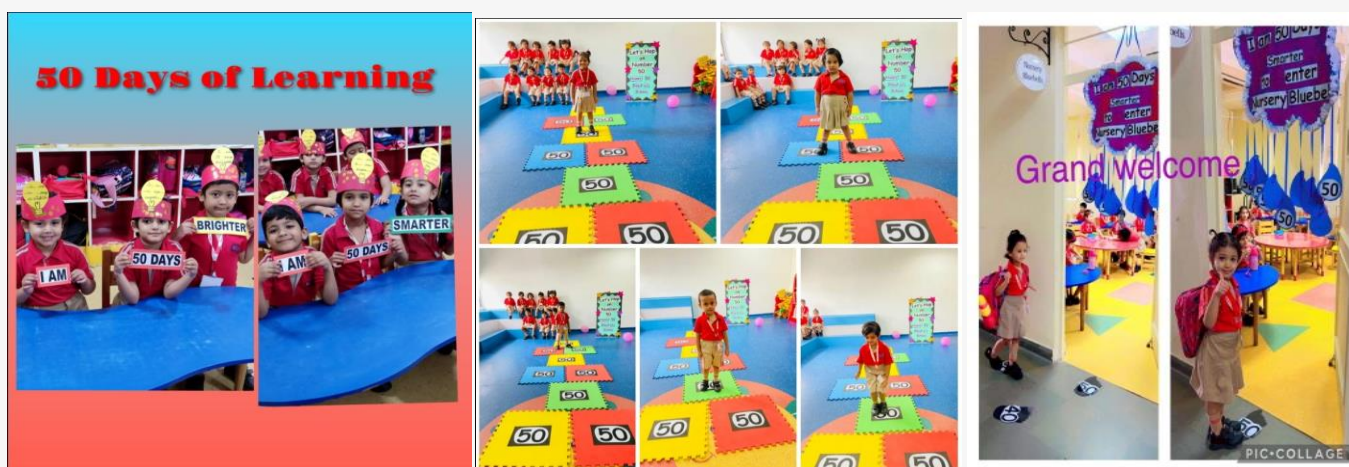

This year is flying by...

The MVN Kindergarteners reached the 50th Day of school and they celebrated it with some 50s fun to mark the half way point to the 100th day.

The tiny tots gushed with joy as they entered their beautifully decorated classrooms.

The "Nursery Nuggets" enjoyed by hopping on number 50 which helped them to enhance their gross motor skills. They also coloured the placards beautifully.

The "Jubilant Jacks & Jills of Kindergarten" made "I am 50 Days Brighter Headgear", pasted 50 smilies, stars on it and wore it with great pride and joy. Furthermore, they enjoyed the day with all sorts of 50s fun exercises with unbridled enthusiasm. Overall, it was a fun-filled day with lots of learning.

My little foot steps

KARGIL VIJAY DIWAS

"For our tomorrow, they gave their today."

Kargil Vijay Diwas is the day of pride for our nation which marks the victory of Indian army in the Kargil War. To make the students aware about the contributions of the Indian armed forces, Kargil Vijay Diwas was celebrated on Tuesday, 26th July 2022, with full patriotic fervour.

To pay homage to the Kargil martyrs, little MVNites expressed their gratitude by singing patriotic songs and dressing themselves in tricolour attire. They also learnt the symbolic meaning of the three colours of our National Flag and Ashoka Chakra and coloured the same. They watched the story of Kargil Vijay Diwas that instilled the feeling of appreciation and respect for the brave soldiers.

MVN salutes the grit and valour of all those who defended India and recorded everlasting debt to those who never returned.

Vande Matram!!

“GOOD FRIENDS”

"Friends at school can play and share,
Friends at school are kind and fair,
Friends at school will talk to you,
When you're feeling sad and blue.
Friends at school are big and small,
Friends at school are best of all."

Friendship Day is an occasion that calls for celebrating the presence and value of friends in our life. The students of Pre-Primary celebrated this day with great zeal and made it a memorable one. The Nursery students talked about the importance of friends in their life. They discussed the value of “Sharing is Caring” and also enjoyed watching a story based on “Good Friends”. They made promises to their friends that they will always respect, share, care, support, play, encourage, appreciate and always work, learn and grow together.

The Kindergarten children made Friendship Day Cards, a special gift to thank their friends for their wonderful presence in their life as they all cheered for this lifetime of friendship!

TEEJ CELEBRATION

Fun, Frolic and Gaiety came alive on the campus of Pre- Primary Wing, when the festival of Teej was celebrated with great pomp and show. The little munchkins came dressed up in traditional attire. Swings were decorated for them with flowers. The Kindergarteners were delighted to play on the swings and enjoyed having traditional sweets.

Happy Teej

HAPPY RAKSHABANDHAN

Rakshabandhan is a beautiful bond that ties siblings in the forever promise of faith, respect and love!

Cherishing this blissful brother-sister bond, MVN Kindergarteners celebrated Rakshabandhan with fervour and gaiety. To commemorate this festival, a rakhi making activity was organised for the children. It was a day when kids turned into little artisans, with creativity and colours. The tiny tots of Nursery exchanged Rakhis and chocolates amongst themselves. The children thoroughly enjoyed the activity that tickled their creative side in making the best 'Knot of Protection'.

The participation of students showed their exhilaration and enthusiasm as they made beautiful Rakhis using paper, silken thread and other decorative materials.

NATIONAL SPORTS DAY

"Education without sports activities is incomplete"

National Sports Day is celebrated across the country on 29th August every year to commemorate the birth anniversary of hockey legend Major Dhyan Chand. On this special day the students of Pre-Primary were taught about the importance of sports and physical activities in every individual's life. The students were also apprised with its origin, history and celebrations through videos. The little athletes happily shared the names of their favourite sport and sports person with each other. The little ones had fun while indulging in various hurdle races and showed their sportsmanship and love for sports.

JANMASHTAMI

Hare Krishna, Hare Krishna

Krishna Krishna, Hare Hare

Hare Rama, Hare Rama

Rama Rama, Hare Hare

Janmashtami is celebrated as the birthday of Lord Krishna, one of the most powerful and loved reincarnation of Lord Vishnu. According to the Hindu calendar, this festival is celebrated on the Ashtami of Krishna Paksh or the Eighth day of the dark fortnight in the month of Bhadrapada (August-September).

Commemorating the birth of Lord Krishna, the ebullient learners of Kindergarten immersed themselves in Janmashtami celebration and learnt about its significance with the help of Powerpoint presentation and related story. Dressed up as Radha and Krishna, the tiny tots added a traditional touch to the entire celebrations. They engaged themselves in decorating "matki" and "flute" and their enthusiasm filled the air with joy and festive spirit.

TEACHER'S DAY

The cogs in the wheel of a progressive educational institution, Teachers, not only impart knowledge but educate the hearts to heed to one's calling, instill confidence to chase rainbows and bring their dreams to fruition. The effervescent learners of MVN celebrated Teacher's Day with gusto. Commemorating the birth anniversary of Dr. Sarvepalli Radhakrishnan, the second President of India, the tiny tots learnt about the significance of the day through a riveting power- point presentation. From preparing a special card for their teachers to greeting the teachers in morning and entering the classroom in their own way, the children had fun aplenty. They were also made aware to be respectful towards their parents and elders. It was a fun-filled day.

Happy Teacher's Day

WORLD LITERACY DAY CELEBRATION

To spread the message about the importance of literacy among the little learners of MVN Sector -17, World Literacy Day was celebrated with great enthusiasm. The day reminds us that the foundation of every society is its education and a key to a better society begins with literacy. The teacher explained World literacy Day to children through stories and videos.

Reading plays an imperative role in an individual's success. It enhances literacy skills, augments vocabulary and inculcates the love for reading in young learners. Also, reading newspaper is an excellent way to promote literacy and get updated about the latest developments around the world.

Keeping this in mind, a small initiative was taken to promote the habit of reading newspapers among young learners. A 'Newspaper Reading Activity' was organized for the Nursery students. The purpose of this activity was not only to develop reading skills but also to recognize alphabets. This activity was a hit among the toddlers as it boosted their interest in reading and augmented their letter recognition skills. The day was helpful in inculcating the moral values in kids such as generosity, caring, sharing and learning about the importance of reading. It was fun to see the little ones turn into readers.

GRATITUDE DAY

MVN Kindergarten celebrated "World Gratitude Day" on 21st September with the feeling of thankfulness to reflect on the amazing things we are blessed with and realise how incredibly fortunate we are.

"Gratitude enriches human life. It elevates, energizes, inspires and transforms."

Making a conscious decision to focus on gratitude in daily life, not only makes the person happy but also spreads happiness among others. Feeling and expressing gratitude gives a great sense of contentment and joy even in the midst of challenging situations.

Little kids of MVN Kindergarten showed their gratitude by giving beautiful handmade cards to all who work with full responsibility for giving them a safe and secure atmosphere.

Nothing is more rewarding than appreciation, it is sometimes really important to let the other person know that we truly care and appreciate. This helps to build healthy relationships.

INTERNATIONAL PEACE DAY

“Peace begins with a smile”

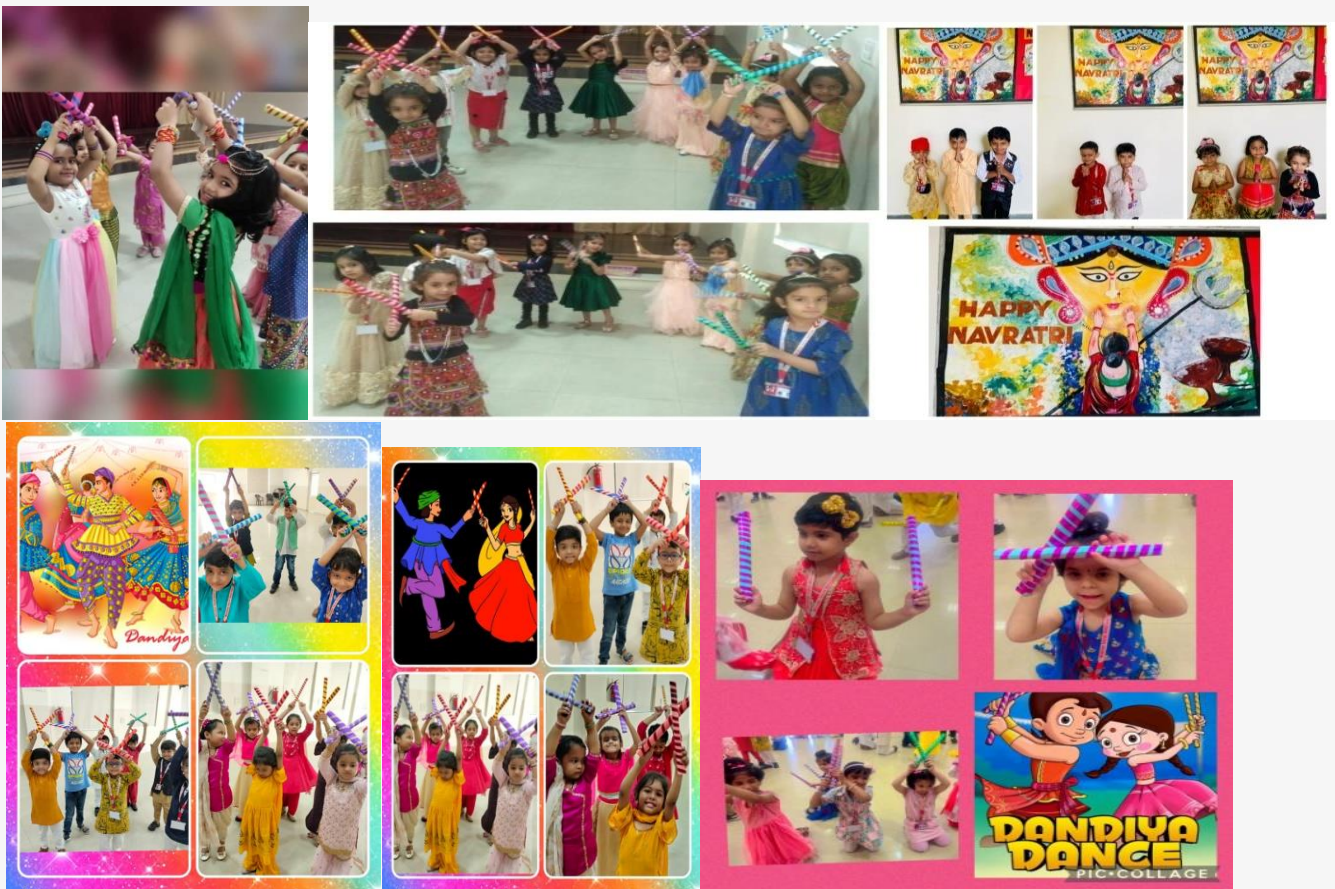

The Little messengers of peace celebrated International Peace Day on 21.9.2022 and spread the message “End Racism, Build Peace.” which is the theme of this International Day. The Peace Day Activities were conducted to engage children in diverse learning related to peace and unity. The meaningful involvement taught children to respect others and they also learnt the power of unity. All the students gleefully came together in a 'Dove Hand-Printing Activity' and made beautiful Doves- symbols of peace, love, and renewal of life. They took a pledge to stand up against acts of hate and bullying and to spread compassion, kindness, and hope. They also participated in mass meditation and yoga contributing to their peace of mind. It was an enriching experience for the students as they enjoyed the sense of unity and peace and we are hopeful that the students will promote peace in all walks of their life.

NAVRATRI

Heralding positivity and oodles of happiness, the young minds of Kindergarten dove into the Navratri celebration with unparalleled enthusiasm. From gaining cognizance of their culture to inculcating the feeling of togetherness and family values amidst the spirit of festivity, the ebullient hearts were enriched by the experiential learning. The audio-visual aids on Navratri Festival were enjoyed by all. The happy souls made colourful Dandiya Sticks using paper craft. Jiving to the lively beats, the kids had a ball in the Dandiya dance. Over all it was a fun- filled day with lots of learning.

"Happy Navratri"

DUSSEHRA

"Truth always wins, no matter how vicious evil is." 🚩🚩

Dussehra is a ten days and nine nights long Hindu festival. It marks the victory of goodness over evil. Dussehra is celebrated on the tenth day of the Hindu calendar month of Ashvin. It also marks the end of Navratri festivities. The festival commemorates the victory of Lord Rama over Ravana.

Children of MVN Kindergarten were super enthusiastic doing an inventive activity where the kids made masks of Ravana. They enjoyed watching a short story on Dussehra and learnt the underlying spiritual significance behind the festival with resurgence of hope and faith.

They also learnt that in a battle of right and wrong, righteousness always triumphs.

Happy Dussehra

The image features a decorative background with blue and white wavy patterns at the top and bottom. A central white rectangular box is positioned in the middle, containing the word "ACHIEVEMENTS" in a blue, serif, all-caps font. The background also includes a faint image of a blue folder with papers and a blue pen, suggesting a professional or academic context.

TECHNOTHLON 2022-23 - IIT GUWAHATI

ARIN CHHABRA, Class XII secured AIR 26 in ROUND 1 and qualified for the Mains. The Mains had three events spread over the course of three days. First one was ' Laser Chess ' ; second one was 'Covitrade ' involving an auction to buy countries based on their ratings, population and taxes followed by trade in vaccines, components medicines and keeping a track record of money while curing maximum number of patients. The third event was ' Aguasense ' , requiring the participants to build a sensor circuit using the concepts taught. It was an immersive experience for all the participants as they got to attend Concert, Sand Show and lectures of famous personalities. Meeting people, exploring library and clubs along with interaction with Professors was quite enriching. The school congratulates Arin on his wonderful achievement and wishes for many more to come.

EVENTICA

THERE IS NO OPTION TO PEACE, PEACE IS THE ONLY OPTION

“Peace cannot be kept by force, it can only be achieved by understanding” and to discuss the matters essential to peace keeping a Model United Nations Conference – EVENTICA, was organized by MVN Aravali Hills on 30th September and 1st October, 2022. Mahatma Gandhi had aptly remarked “The day the power of Love overrules the Love of power, the world will know peace.”

11 Students from MVN School, Sector-17 participated in this Simulated Peace Conference to discuss the Fluid International Situation in the aftermath of Russian – Ukraine war. Delegates representing various countries discussed, deliberated and mooted resolutions for the amicable resolution of international crisis. Avisha Malik of Class X representing South Korea in UNGA (United Nations General Assembly) won “High Commendation” award and Piyush Rawat of Class IX, a delegate of France was bestowed with a “Special Mention” award.

FRIENDLY BASKETBALL MATCH

On 19th August 2022, a Friendly Basketball (Under- 19) Match was played between the teams of Modern Vidya Niketan School, Sector-17 and DAV School, Sector-14. Both the Boys & Girls Team competed with each other with great zeal and energy. The team spirit and sportsmanship shown by the students was commendable. The Director, Mr. J.P Gaur, Principal- Ms. Agalya Venkatesh motivated the students with their esteemed presence.
